## FLOOD CONDITIONS ARE ABATING IN SOUTH

### TWELVE PERSONS KNOWN TO HAVE BEEN KILLED

PROPERTY DAMAGE WILL RUN  
INTO MILLIONS, ESTIM-  
ATED

MUCH OF COTTON CROP IN GEOR-  
GIA, NORTH CAROLINA, VIR-  
GINIA DESTROYED

Atlanta, Ga., Aug. 18.—(UP)—  
Flood conditions abated somewhat  
today but fears continued in certain  
parts of the south of inundation  
from the streams that are flowing  
bank high.

Already 12 persons are known to  
have been killed in these southern  
storms while property damage will  
amount to millions. Much of the  
cotton crop in Georgia, North Carolina  
and Virginia has been destroyed.

The greatest danger at present is  
at Rutherfordton, N. C., where more  
than 100 men were working on the  
sand bank barriers to hold the waters.  
Late advice said there was no  
great fear felt but that many in-  
habitants of the district below the  
lake were evacuating, fearing the  
dam might give way.

### POTOMAC RIVER IS OUT OF BANKS

Washington, Aug. 18.— Serious  
floods threatened nearby lowlands  
today as the weather bureau pre-  
dicted more rain.

The Potomac river is already out  
of its banks in several places. Even  
Potomac park, in the heart of Wash-  
ington, is partially flooded despite a  
protecting seawall.

Many roads leading to the city  
are impassable due to washouts.  
Almost 100 homes in Bladensburg,  
Md., are inundated. The only pris-  
oner in jail there was found yester-  
day standing on his cot with water  
up to his chest. The jailer, busy  
rescuing passengers from a stranded  
motor bus, had forgotten him.

### WIDE REACHES OF PLAINLAND INUNDATED

Atlanta, Ga., Aug. 18.— Rivers  
swollen by rains of a tropical storm  
that has taken 12 lives and caused  
damage in the millions, poured down  
towards the sea today from the  
flood-damaged Piedmont belt of the  
Carolinas and inundated wide  
reaches of plainland.

Hundreds of families near Colum-  
bia, S. C., and Augusta, Ga., were  
forced from their homes.

Above Columbia the flood waters  
of the Broad and Saluda rivers con-  
verged into the Congaree and the  
main stream was at its highest level  
in 20 years. The same situation  
existed near Augusta, where the  
Savannah river stretched miles out  
of its banks.

In Virginia the flood menace was  
worst along the James as swollen  
rivers to the west poured their sur-  
plus into that stream.

The same havoc of washed bridges,  
highways, railroad beds, ruined  
crops and damaged houses was being  
repeated in the new flooded areas as  
the western Carolinas and Virginia  
and southern and central Georgia  
watched the high waters ebb.

Meanwhile, dams in the Piedmont  
belt and northwestward, including  
one holding back Lake Lure on the  
Broad river were reported holding  
as their flood gates relieved pres-  
sure.

### HALF MILLION PROPERTY DAMAGE IN PENNSYLVANIA

Philadelphia, Aug. 18.— Floods  
which were caused by the steady  
downpour of rain yesterday were  
abating after driving thousands from  
their homes and causing property  
damage estimated at \$500,000.

The southwest portions of Phila-  
delphia were under water and many  
families were marooned. Boats did  
a thriving business saving some fam-  
ilies from the rising waters and car-  
rying others to their homes.

At Marcus Hook, Del., thousands  
of workers were marooned in places  
of employment when floods made it  
impossible to reach their homes.

Northern Delaware suffered a 3½  
inch rainfall and railroad tracks in  
that district were under water to the  
extent of 2 feet in some places.

### DRAWN IN LINE AND FINDS BODY

Minneapolis, Aug. 18.—(UP)—Charles  
Ringdahl, Lake Calhoun life guard, to-  
day drew in a line he found tied to a  
dock and at the end he found the  
body of Solomon Jones, 81, whom rela-  
tives said recently had been ill.

## "Greater Rockford" to Fly Over Arctic Straits

### GIRL OF 15 GIVES LIFE TO VAINLY SAVE HER MOTHER

Chicago, Aug. 18.—(UP)—Sarah  
Willock, 15, gave her life today,  
perhaps vainly, to save that of her  
mother.

When her father, Leo Willock,  
35, painter, picked up a revolver  
during a quarrel with his wife,  
Stella ran in front of the woman  
to shield her. Willock fired and  
the girl fell, fatally wounded.  
The painter then shot and dan-  
gerously wounded his wife.

### DR. STRATON STANDS ON RIGHT OF OLD FEUDIST

DEMANDS PRIVILEGE TO NAME  
PLACE TO DEBATE GOV.  
AL SMITH

SMITH WANTS ORIGINAL  
CHURCH, STRATON WANTS  
TO HIRE HALL

Greenwood Lake, N. Y., Aug. 18.  
—(UP)—Dr. John Roach Straton to-  
day stood on the code of the ancient  
feudist and demanded the right to  
name the place where he was to  
meet Governor Alfred E. Smith in  
debate.

The debate challenge came over  
Straton's recent sermon in which  
he charged the governor was a foe  
of moral progress. Smith challenged  
and urged the debate be in Calvary  
Baptist church in New York, where  
the sermon was delivered. Straton  
demurred, saying he believed a  
larger hall would be necessary.  
Then Smith made a second demand  
that the discussion be in Calvary  
Baptist church, said he would not  
debate unless it was there, and asked  
a yes or no answer.

To this demand Dr. Straton sent  
the following letter:

"You have challenged me to a  
debate, or a joint discussion of my  
allegations that your record proves  
you, as a candidate for the presi-  
dency of the United States, to be the  
'deadliest foe in America today for  
the forces of moral progress and  
true political wisdom!'

"I have definitely accepted the  
challenge and stand ready to meet  
you face to face and submit my  
proof and to give you every oppor-  
tunity to reply.

"As the challenged party, I stand  
on the time-honored privilege of  
naming the place for the discussion  
and shall name a place that will not  
arouse sectarian bitterness nor drag  
the religious issue into the contest.  
"The vital point is that you have  
challenged me to a joint discussion  
of your record and not to a personal  
appearance in a church. You have  
asked whether I would meet you and  
your last letter demanded a reply of  
'yes or 'no'. My answer is emphati-  
cally and unchangeably 'yes.'

"Unless you now stand up to your  
own challenge, your action in run-  
ning to cover will leave me free to  
take whatever steps in the matter I  
may deem wise and right, and will  
automatically brand you before the  
world as a bluffer, a Tammany trick-  
ster and a coward."

### HENRY FORD IS PHILOSOPHICAL

Sudbury, Mass., Aug. 18.—(UP)—No  
matter who wins the next presiden-  
tial election, the country will con-  
tinue to enjoy prosperity, Henry Ford  
believes.

"The worst thing that could happen  
would be a step backward in our fight  
against liquor," he said. "I am inter-  
ested in anything to keep the 18th  
amendment as it is. If Hoover stands  
on that belief, and I am sure he does,  
I am for him."

"Personally I'd turn out the army  
and navy to stop bootlegging."  
Ford is resting at his Wayside Inn  
here.

### MARSH FEVER ATTACKS FRENCH MOROCCO NATIVES

London, Aug. 18.—(UP)—Ninety  
per cent of the natives in French  
Morocco are ill of plaudism, or  
marsh fever, and there have been  
heavy casualties, a Tangier dis-  
patch to the Exchange Telegraph  
said today.

## Coffman Apparently Hopeful that Snyder Will Be Retained as Head of University Regents

### DESPITE OPINION TO CONTRARY OF ATTY. GENERAL

STATE SUPREME COURT RULING  
MADE COFFMAN HEAD OF  
BOARD

BOARD INTIMATES TAKING UP  
SEVERAL PROJECTS PREVI-  
OUSLY BALKED

Minneapolis, Aug. 18.—(UP)—  
Lotus D. Coffman, president of Min-  
nesota University, was apparently  
hopeful today that Fred Snyder, for-  
mer head of the board of regents  
could be retained in that capacity  
despite an opinion to the contrary  
held by G. A. Youngquist, attorney  
general.

President Coffman when informed  
that under the recent state supreme  
court ruling, which freed the uni-  
versity from supervision of the Big  
Three, he was to assume leadership  
of the board of regents, said he hoped  
some way would be found in  
which Snyder could retain his posi-  
tion.

The regents, in their meeting yester-  
day, intimated that several pro-  
jects which had been balked by the  
department of administration and  
finance would again be considered.  
The most important of the projects  
was a \$250,000 university dormi-  
tory.

### BORDER RUM RUNNING TO BE DELT SEVERE BLOW

Windsor, Ont., Aug. 18.—(UP)—  
Although provincial officials would  
not comment today on the liquor  
seizure decision of Magistrate W. A.  
Smith of Sandwich, Ont., if the  
ruling is upheld, lawyers believe it  
will lead to co-operation of Canadian  
and United States governments to border  
rum running.

Magistrate Smith fined Ward Irey,  
an American citizen, \$200 and or-  
dered his speedboat and rum cargo  
seized, basing his ruling on the the-  
ory that international jurisprudence  
does not countenance breaking or  
evasion of a foreign law.

T. G. McHugh, Irey's attorney,  
claimed that the rum runner was  
acting as a common carrier and as  
such could not be molested by Cana-  
dian officers as he was not breaking  
any Canadian law.

"Unless you now stand up to your  
own challenge, your action in run-  
ning to cover will leave me free to  
take whatever steps in the matter I  
may deem wise and right, and will  
automatically brand you before the  
world as a bluffer, a Tammany trick-  
ster and a coward."

### SO CARELESS ABOUT PASSENGER, LOSES LATTER ON A LOOP

Mt. Clemens, Mich., Aug. 18.—  
(UP)—Lieut. A. W. Redfield was  
thrown from a looping airplane,  
but landed safely in his parachute  
2,000 feet below. Lieut. K. W.  
Matheson, Selfridge field pilot, did  
not know his passenger had fallen  
until he landed the plane.

### 40,000 BUSHEL BARLEY START SOUTH ON RIVER

FIRST SHIPMENT OF CONTRACT  
COVERING MILLION BUSHELS  
OF GRAIN

FLOATED DOWN MISSISSIPPI TO  
PORT OF NEW  
ORLEANS

St. Paul, Aug. 18.—(UP)—Forty  
thousand bushels of barley, the first  
shipment under a contract provid-  
ing for the movement of 1,000,000  
bushels of grain, started down the  
Mississippi river today for New Or-  
leans.

The four barge loads of barley  
constituted the first shipment of  
that grain for export and was the  
forerunner of many other shipments  
which may exceed the million  
bushels already provided for under  
contract.

W. W. Morse, manager of the up-  
per river division of the Inland Wa-  
terways Corporation declared a sav-  
ing of \$88,000 or 8 cents a bushel,  
would be effected by the river ship-  
ments and would give Twin City ex-  
ports the same rate as Duluth ex-  
ports.

### DWIGHT W. MORROW GAINS GOOD-WILL OF THE MEXICANS

Oaxaca, Oaxaca, Aug. 18.—(UP)—  
Dwight W. Morrow, United States  
ambassador to Mexico, is making new  
conquests in his effort to gain the  
good-will of the Mexican people.

When Morrow left Mexico City for  
this isolated region, he intended the  
visit to be a purely personal one.  
But his presence is serving as a sig-  
nal for demonstrations of cordiality  
between Mexicans and Americans.

Morrow arrived last night. It was  
the first visit of any United States  
ambassador to this part of the coun-  
try and even the smallest hamlet  
through which he passed outdid it-  
self in honoring the American.

### MIDDLE WEST HOLDS SPOTLIGHT IN POLITICS

CHARLES CURTIS, VICE PRESI-  
DENTIAL CANDIDATE, IN NOTI-  
FICATION CEREMONIES

TOPEKA TO BE HUB OF EYES OF  
NATION AT 5 O'CLOCK THIS  
AFTERNOON

By IRWIN I. FEMRITE  
(United Press Staff Correspondent)

Topeka, Kans., Aug. 18.— The  
middle west with Topeka as the hub  
today held the spotlight in the na-  
tional political campaign.

Promptly at 5 o'clock this after-  
noon, CST, Charles Curtis, senator  
from the sunflower state, will be of-  
ficially notified of his nomination for  
vice president of the United States  
on the republican ticket.

A canopied platform has been  
erected on the south steps of the  
state capitol for the ceremonies.

The program will open with music  
by an ensemble of eight bands.

Governor Ben S. Paulen will re-  
view briefly the political rise of  
Senator Curtis and then will follow  
the notification address by Senator  
Simeon D. Fess of Ohio. The accep-  
tance speech of Curtis will conclude  
the public program.

A dinner attended by visiting po-  
litical friends of Senator Curtis will  
be given following the notification  
exercises and later in the evening a  
dinner and dance will be held by the  
Country club.

Topeka generally have extended  
themselves to the utmost in their  
plans for honoring their most dis-  
tinguished son. There was scarcely  
a square inch in the entire business  
district that did not bear some mark  
of the festival. The town was a  
riot of color and noise. It was the  
first time that Kansas has been ac-  
corded the honor of having a native  
son on the ticket of a national po-  
litical party.

### SOME THINK MESSAGE FOUND IN BOTTLE IS A SAD HOAX

Copenhagen, Aug. 18.—(UP)—  
The famous explorer, Hansen, in an  
interview in the Ekstra Bladet to-  
day said he believed that Roald  
Amundsen and members of the party  
were dead. Hansen said he thought  
the bottle with a message signed  
"Amundsen" found in the North  
Sea was a hoax and he did not be-  
lieve the airplane wreckage found  
off Newfoundland was that of the  
Amundsen plane.

### GERMANY WANTS RHINELAND CLEARED, APPEALS TO LEAGUE

Berlin, Aug. 18.—(UP)—Germany  
will appeal to the League of Na-  
tions to force evacuation of the  
Rhineland, it was reported reli-  
ably today.

It was understood that Germany  
has informed the French, British,  
Italian and Belgian governments  
that she will demand at the Sep-  
tember session of the League the  
withdrawal of troops from her  
territory.

### HERBERT HOOVER BIDS FAREWELL TO CALIFORNIA

MOVES INTO ARIZONA FOR A  
ROUND TABLE DIS-  
CUSSION

CONFERS WITH COUNTY CHAIR-  
MEN OVER BOULDER DAM  
FLOOD CONTROL

By PAUL R. MALLON  
(United Press Staff Correspondent)

Albany Hoover Special in Arizona,  
Aug. 18.—Herbert Hoover bade fare-  
well to his home state of California  
early today and moved into Arizona  
for a round table discussion with  
county chairmen here about his en-  
dorsement of the Boulder Dam flood  
control and power project.

The nominee's farewell address to  
his home state was delivered at San  
Bernardino last night after an intensive  
day of campaigning during  
which he visited six exuberant  
Southern California cities.

There, just as at a previous stop  
at Pasadena, Hoover voiced his regret  
that he had to abandon his cam-  
paign. Hoover spoke of the cam-  
paign as a "great task" and prom-  
ised that it would be conducted on a  
plane commensurate with the high-  
est American thought and feeling,  
which is embodied in California citi-  
zenship.

Hoover made the best extemporane-  
ous stump speeches of his young  
campaign at the close of his Cali-  
fornia trip and the crowds greeted  
him more enthusiastically than they  
have previously at other points. He  
seemed to abandon the shyness which  
characterized his previous addresses.  
The nominee will leave Arizona at  
12:01 A. M. tomorrow for West  
Branch, Iowa.

### 1 FARMER KILLED AND 2 WOUNDED IN SHOOTING AFFRAY

Toronto, Ont., Aug. 18.—(UP)—  
One farmer was killed and two others  
were wounded in a shooting fray  
today when they attempted to balk  
the escape of three mail car bandits,  
according to reports reaching here  
from Waubamick, a small village  
near Parry Sound, Ont.

Early reports said that one band-  
it was captured and \$1,500 in loot  
was found on him.

A farmer by the name of Jackson,  
first name unknown, was reported  
killed.

According to the reports, the band-  
its held up a Canadian Pacific train  
and robbed the mail car. The  
amount of the loss was not known.

### GETS WAGE RAISE TO COMPARE WITH APPETITE AND LABOR

Kizilorda, Turkistan, Aug. 18.  
—(UP)—Ivan Krasniglazob (which  
is Russian for Ivan the Red-eyed)  
ate so much that government of-  
ficials were forced to double his  
salary.

Ivan is more than 7 feet tall  
and correspondingly stout. He  
works on the Turkistan-Siberia  
railroad and can shift a rail that  
would tax the strength of several  
men.

Ivan complained that he was  
afflicted with an enormous appe-  
tite, eating, for instance, 10 to 15  
pounds of bread every meal. His  
salary was insufficient to meet his  
grocery bill.

The local economic commission,  
which fixes wage scales, decided  
that the work the red-eyed one  
did in comparison with other la-  
borers was cheap at half the price  
and ordered his pay doubled.

### HOPS OFF TODAY FROM COCHRANE FOR MT. EVANS

AVIATORS HOPE TO FLY OVER  
LABRADOR AND ARCTIC  
STRAITS BY DAYBREAK

WEATHER REPORTS GOOD, AND  
CANADIANS CHEER FLYERS  
ON THEIR WAY

Cochrane, Ont., Aug. 18.—(UP)—  
The monoplane Greater Rockford  
took off at 12:12 P. M. EST., today  
for Mt. Evans.

Bert Hassell and his companion,  
Parker Cramer, hoped to make the  
long flight over the barren wastes of  
Labrador and the Arctic Straits by  
daybreak tomorrow.

Weather reports were good and  
the plane left to the cheers and best  
wishes of the entire population of  
this settlement.

If they reach their goal, the fliers  
will have completed the second part  
of an adventurous flight from Rock-  
ford, Ill., to Stockholm, Sweden,  
with stops in Cochrane, Greenland  
and Iceland.

The Greater Rockford moved  
smoothly down the specially built  
runway and in 40 seconds rose easily  
into the air.

The crowd, waving and cheering,  
lingered at the field discussing the  
fliers' great adventure long after the  
plane was lost to view over the hori-  
zon.

Cochrane, Ont., Aug. 18.—Aimed  
towards the barren wastes of Canada  
and thence out to sea, the airplane  
"Greater Rockford" was ready to  
start at noon today on the second  
stage of its flight from Rockford,  
Ill., to Stockholm, Sweden.

Yesterday Bert Hassell was forced  
to postpone his flight to Mt. Evans,  
Greenland, because of bad weather  
but his flying companion, Parker D.  
Cramer, expected to get away today.  
They hoped to reach their destina-  
tion within 16 hours. The plane is  
already fueled for the getaway.

Hassell started from Rockford,  
Ill., Thursday on this long flight to  
the Scandinavian countries.

The Rockford pilot was certain of  
success of his flight to Stockholm—  
a flight that is to be made by easy  
stages—and said he believed the  
present test tour would result in es-  
tablishment of a definite trans-At-  
lantic airplane route from midwest-  
ern United States to Europe.

Ureykjavik, Iceland, Aug. 18.—  
When Bert Hassell arrives here on  
the third stage of his flight from  
Rockford, Ill., to Stockholm, Sweden,  
a landing field will be prepared just  
70 kilometers outside of Reykjavik.

The landing field is a big farm on  
the left bank of the River Olfusa,  
surrounded by level meadows and  
marked by a white cross.

It will be no new thing for Reyk-  
javik to be host to trans-Atlantic  
fliers as the United States army  
around-the-world fliers arrived here  
in 1924.

Hassell will fly here from Mt.  
of an adventurous flight from Rock-  
Evans, Greenland. From here he will  
start on his long water and land  
jump to Stockholm, Sweden.

### JOHNSON, SWING GRATIFIED BY HOOVER'S STAND

San Francisco, Aug. 18.—(UP)—Sen-  
ator Hiram W. Johnson and Congress-  
man Phil D. Swing, co-authors of the  
Swing-Johnson bill, issued statements  
here today expressing their gratifica-  
tion that Herbert Hoover, republican  
presidential nominee, had aligned him-  
self on the side of the Boulder dam  
project.

### ART GOEBEL AFTER TRANSCONTINENTAL NONSTOP FLIGHT MARK

Los Angeles, Aug. 18.—(UP)—  
Art Goebel, winner of the Dole  
flight to Hawaii, expects to leave  
here about noon today for New York  
in an attempt to break the trans-  
continental nonstop flight record.  
Goebel will fly the "Yankee  
Doodle" and will be accompanied by  
H. J. Tucker, owner of the craft.  
The present record, slightly more  
than 26 hours, is held by Lieuten-  
ants Kelley and MacReady.

Photo shows flood waters which crippled water plant at Milledgeville, Ga., one of the many towns in Georgia and the Carolinas which have been isolated and thrown into panic by wild torrents that swept down from the foothills following storms. Millions of dollars of property have been destroyed, four are known to be dead and a score to be injured.

## FLOOD CONDITIONS ARE ABATING IN SOUTH

### TWELVE PERSONS KNOWN TO HAVE BEEN KILLED

PROPERTY DAMAGE WILL RUN  
INTO MILLIONS, ESTIM-  
ATED

MUCH OF COTTON CROP IN GEOR-  
GIA, NORTH CAROLINA, VIR-  
GINIA DESTROYED

Atlanta, Ga., Aug. 18.—(UP)—  
Flood conditions abated somewhat  
today but fears continued in certain  
parts of the south of inundation  
from the streams that are flowing  
bank high.

Already 12 persons are known to  
have been killed in these southern  
storms while property damage will  
amount to millions. Much of the  
cotton crop in Georgia, North Caro-  
lina and Virginia has been destroyed.

The greatest danger at present is  
at Rumherfordton, N. C., where more  
than 100 men were working on the  
sand bank barriers to hold the waters.  
Late advice said there was no  
great fear felt but that many in-  
habitants of the district below the  
lake were evacuating, fearing the  
dam might give way.

### POTOMAC RIVER IS OUT OF BANKS

Washington, Aug. 18.— Serious  
floods threatened nearby lowlands  
today as the weather bureau pre-  
dicted more rain.

The Potomac river is already out  
of its banks in several places. Even  
Potomac park, in the heart of Wash-  
ington, is partially flooded despite a  
protecting seawall.

Many roads leading to the city  
are impassable due to washouts.  
Almost 100 homes in Bladensburg,  
Md., are inundated. The only pris-  
oner in jail there was found yester-  
day standing on his cot with water  
up to his chest. The jailer, busy  
rescuing passengers from a stranded  
motor bus, had forgotten him.

### WIDE REACHES OF PLAINLAND INUNDATED

Atlanta, Ga., Aug. 18.— Rivers  
swollen by rains of a tropical storm  
that has taken 12 lives and caused  
damage in the millions, poured down  
towards the sea today from the  
flood-damaged Piedmont belt of the  
Carolinas and inundated wide  
reaches of plainland.

Hundreds of families near Colum-  
bia, S. C., and Augusta, Ga., were  
forced from their homes.

Above Columbia the flood waters  
of the Broad and Saluda rivers con-  
verged into the Congaree and the  
main stream was at its highest level  
in 20 years. The same situation  
existed near Augusta, where the  
Savannah river stretched miles out  
of its banks.

In Virginia the flood menace was  
worst along the James as swollen  
rivers to the west poured their sur-  
plus into that stream.

The same havoc of washed bridges,  
highways, railroad beds, ruined  
crops and damaged houses was being  
repeated in the new flooded areas as  
the western Carolinas and Virginia  
and southern and central Georgia  
watched the high waters ebb.

Meanwhile, dams in the Piedmont  
belt and northwestern, including  
one holding back Lake Lure on the  
Broad river were reported holding  
as their flood gates relieved pres-  
sure.

### HALF MILLION PROPERTY DAMAGE IN PENNSYLVANIA

Philadelphia, Aug. 18.— Floods  
which were caused by the steady  
downpour of rain yesterday were  
abating after driving thousands from  
their homes and causing property  
damage estimated at \$500,000.

The southwest portions of Phila-  
delphia were under water and many  
families were marooned. Boats did  
a thriving business saving some fam-  
ilies from the rising waters and car-  
rying others to their homes.

At Marcus Hook, Del., thousands  
of workers were marooned in places  
of employment when floods made it  
impossible to reach their homes.

Northern Delaware suffered a 3½  
inch rainfall and railroad tracks in  
that district were under water to the  
extent of 2 feet in some places.

### DRAWN IN LINE AND FINDS BODY

Minneapolis, Aug. 18.—(UP)—Charles  
Ringdahl, Lake Calhoun life guard, to-  
day drew in a line he found tied to a  
dock and at the end he found the  
body of Solomon Jones, 81, whom rela-  
tives said recently had been ill.

## "Greater Rockford" to Fly Over Arctic Straits

### GIRL OF 15 GIVES LIFE TO VAINLY SAVE HER MOTHER

Chicago, Aug. 18.—(UP)—Sarah  
Willock, 15, gave her life today,  
perhaps vainly, to save that of her  
mother.

When her father, Leo Willock,  
35, painter, picked up a revolver  
during a quarrel with his wife,  
Stella ran in front of the woman  
to shield her. Willock fired and  
the girl fell, fatally wounded.  
The painter then shot and dan-  
gerously wounded his wife.

### DR. STRATON STANDS ON RIGHT OF OLD FEUDIST

DEMANDS PRIVILEGE TO NAME  
PLACE TO DEBATE GOV.  
AL SMITH

SMITH WANTS ORIGINAL  
CHURCH, STRATON WANTS  
TO HIRE HALL

Greenwood Lake, N. Y., Aug. 18.  
—(UP)—Dr. John Roach Straton to-  
day stood on the code of the ancient  
feudist and demanded the right to  
name the place where he was to  
meet Governor Alfred E. Smith in  
debate.

The debate challenge came over  
Straton's recent sermon in which  
he charged the governor was a foe  
of moral progress. Smith challenged  
and urged the debate be in Calvary  
Baptist church in New York, where  
the sermon was delivered. Straton  
demurred, saying he believed a  
larger hall would be necessary.  
Then Smith made a second demand  
that the discussion be in Calvary  
Baptist church, said he would not  
debate unless it was there, and asked  
a yes or no answer.

To this demand Dr. Straton sent  
the following letter:

"You have challenged me to a  
debate, or a joint discussion of my  
allegations that your record proves  
you, as a candidate for the presi-  
dency of the United States, to be the  
'deadliest foe in America today for  
the forces of moral progress and  
true political wisdom'."

"I have definitely accepted the  
challenge and stand ready to meet  
you face to face and submit my  
proof and to give you every oppor-  
tunity to reply."

"As the challenged party, I stand  
on the time-honored privilege of  
naming the place for the discussion  
and shall name a place that will not  
arouse sectarian bitterness nor drag  
the religious issue into the contest."

"The vital point is that you have  
challenged me to a joint discussion  
of your record and not to a personal  
appearance in a church. You have  
asked whether I would meet you and  
your last letter demanded a reply of  
'yes or no'. My answer is emphati-  
cally and unchangeably 'yes.'"

"Unless you now stand up to your  
own challenge, your action in run-  
ning to cover will leave me free to  
take whatever steps in the matter I  
may deem wise and right, and will  
automatically brand you before the  
world as a bluffer, a Tammany trick-  
ster and a coward."

### HENRY FORD IS PHILOSOPHICAL

Sudbury, Mass., Aug. 18.—(UP)—No  
matter who wins the next presiden-  
tial election, the country will con-  
tinue to enjoy prosperity, Henry Ford  
believes.

"The worst thing that could happen  
would be a step backward in our fight  
against liquor," he said. "I am inter-  
ested in anything to keep the 18th  
amendment as it is. If Hoover stands  
on that belief, and I am sure he does,  
I am for him."

"Personally I'd turn out the army  
and navy to stop bootlegging."

Ford is resting at his Wayside Inn  
here.

### MARSH FEVER ATTACKS FRENCH MOROCCO NATIVES

London, Aug. 18.—(UP)—Ninety  
per cent of the natives in French  
Morocco are ill of plandism, or  
marsh fever, and there have been  
heavy casualties, a Tangier dis-  
patch to the Exchange Telegraph  
said today.

## Coffman Apparently Hopeful that Snyder Will Be Retained as Head of University Regents

### DESPITE OPINION TO CONTRARY OF ATTY. GENERAL

STATE SUPREME COURT RULING  
MADE COFFMAN HEAD OF  
BOARD

BOARD INTIMATES TAKING UP  
SEVERAL PROJECTS PREV-  
IOUSLY BALKED

Minneapolis, Aug. 18.—(UP)—  
Lotus D. Coffman, president of Min-  
nesota University, was apparently  
hopeful today that Fred Snyder, for-  
mer head of the board of regents  
could be retained in that capacity  
despite an opinion to the contrary  
held by G. A. Youngquist, attorney  
general.

President Coffman when informed  
that under the recent state supreme  
court ruling, which freed the uni-  
versity from supervision of the Big  
Three, he was to assume leadership  
of the board of regents, said he hoped  
some way would be found in  
which Snyder could retain his posi-  
tion.

The regents, in their meeting yester-  
day, intimated that several pro-  
jects which had been balked by the  
department of administration and  
finance would again be considered.  
The most important of the projects  
was a \$250,000 university dormi-  
tory.

### BORDER RUM RUNNING TO BE DELT SEVERE BLOW

Windsor, Ont., Aug. 18.—(UP)—  
Although provincial officials would  
not comment today on the liquor  
seizure decision of Magistrate W. A.  
Smith of Sandwich, Ont., if the  
ruling is upheld, lawyers believe it  
will lead to co-operation of Canadian  
and United States governments to border  
rum running.

Magistrate Smith fined Ward Irey,  
an American citizen, \$200 and or-  
dered his speedboat and rum cargo  
seized, basing his ruling on the the-  
ory that international jurisprudence  
does not countenance breaking or  
evasion of a foreign law.

T. G. McHugh, Irey's attorney,  
claimed that the rum runner was  
acting as a common carrier and as  
such could not be molested by Cana-  
dian officers as he was not breaking  
any Canadian law.

### SO CARELESS ABOUT PASSENGER, LOSES LATTER ON A LOOP

Mt. Clemens, Mich., Aug. 18.—  
(UP)—Lieut. A. W. Redfield was  
thrown from a looping airplane,  
but landed safely in his parachute  
2,000 feet below. Lieut. K. W.  
Matheson, Selfridge field pilot, did  
not know his passenger had fallen  
until he landed the plane.

### 40,000 BUSHEL BARLEY START SOUTH ON RIVER

FIRST SHIPMENT OF CONTRACT  
COVERING MILLION BUSHELS  
OF GRAIN

FLOATED DOWN MISSISSIPPI TO  
PORT OF NEW  
ORLEANS

St. Paul, Aug. 18.—(UP)—Forty  
thousand bushels of barley, the first  
shipment under a contract provid-  
ing for the movement of 1,000,000  
bushels of grain, started down the  
Mississippi river today for New Or-  
leans.

The four barge loads of barley  
constituted the first shipment of  
that grain for export and was the  
forerunner of many other shipments  
which may exceed the million  
bushels already provided for under  
contract.

W. W. Morse, manager of the up-  
per river division of the Inland Wa-  
terways Corporation declared a sav-  
ing of \$88,000 or 8 cents a bushel,  
would be effected by the river ship-  
ments and would give Twin City ex-  
ports the same rate as Duluth ex-  
ports.

### DWIGHT W. MORROW GAINS GOOD-WILL OF THE MEXICANS

Oaxaca, Oaxaca, Aug. 18.—(UP)—  
Dwight W. Morrow, United States  
ambassador to Mexico, is making new  
conquests in his effort to gain the  
good-will of the Mexican people.

When Morrow left Mexico City for  
this isolated region, he intended the  
visit to be a purely personal one.  
But his presence is serving as a sig-  
nal for demonstrations of cordiality  
between Mexicans and Americans.

Morrow arrived last night. It was  
the first visit of any United States  
ambassador to this part of the coun-  
try and even the smallest hamlet  
through which he passed outdid it-  
self in honoring the American.

### IN FLOOD'S PATH

Photo shows flood waters which crippled water plant at Milledgeville, Ga., one of the many towns in Georgia and the Carolinas which have been isolated and thrown into panic by wild torrents that swept down from the foothills following storms. Millions of dollars of property have been destroyed, four are known to be dead and a score to be injured.

### GERMANY WANTS RHINELAND CLEARED, APPEALS TO LEAGUE

Berlin, Aug. 18.—(UP)—Germany  
will appeal to the League of Na-  
tions to force evacuation of the  
Rhineland, it was reported reli-  
ably today.

It was understood that Germany  
has informed the French, British,  
Italian and Belgian governments  
that she will demand at the Sep-  
tember session of the League the  
withdrawal of troops from her  
territory.

### HERBERT HOOVER BIDS FAREWELL TO CALIFORNIA

MOVES INTO ARIZONA FOR A  
ROUND TABLE DIS-  
CUSSION

CONFERS WITH COUNTY CHAIR-  
MEN OVER BOULDER DAM  
FLOOD CONTROL

By PAUL R. MALLON  
(United Press Staff Correspondent)

Aboard Hoover Special in Arizona,  
Aug. 18.—Herbert Hoover bade fare-  
well to his home state of California  
early today and moved into Arizona  
for a round table discussion with  
county chairmen here about his en-  
dorsement of the Boulder Dam flood  
control and power project.

The nominee's farewell address to  
his home state was delivered at San  
Bernardino last night after an in-  
tensive day of campaigning during  
which he visited six exuberant  
Southern California cities.

There, just as at a previous stop  
at Pasadena, Hoover voiced his regret  
that he had to abandon his cam-  
paign as a "great task" and prom-  
ised that it would be conducted on a  
plane commensurate with the high-  
est American thought and feeling,  
which is embodied in California citi-  
zenship.

Hoover made the best extemporan-  
eous stump speeches of his young  
campaign at the close of his Cali-  
fornia trip and the crowds greeted  
him more enthusiastically than they  
have previously at other points. He  
seemed to abandon the shyness which  
characterized his previous addresses.  
The nominee will leave Arizona at  
12:01 A. M. tomorrow for West  
Branch, Iowa.

### 1 FARMER KILLED AND 2 WOUNDED IN SHOOTING AFFRAY

Toronto, Ont., Aug. 18.—(UP)—  
One farmer was killed and two oth-  
ers were wounded in a shooting af-  
ray today when they attempted to  
balk the escape of three mail car bandits,  
according to reports reaching here  
from Wauabamick, a small village  
near Parry Sound, Ont.

Early reports said that one bandit  
was captured and \$1,500 in loot  
was found on him.

A farmer by the name of Jackson,  
first name unknown, was reported  
killed.

According to the reports, the bandits  
held up a Canadian Pacific train  
and robbed the mail car. The  
amount of the loss was not known.

### GETS WAGE RAISE TO COMPARE WITH APPETITE AND LABOR

Kizilorda, Turkestan, Aug. 18.  
—(UP)—Ivan Krasniglazob (which  
is Russian for Ivan the Red-eyed)  
ate so much that government of-  
ficials were forced to double his  
salary.

Ivan is more than 7 feet tall  
and correspondingly stout. He  
works on the Turkestan-Siberia  
railroad and can shift a rail that  
would tax the strength of several  
men.

Ivan complained that he was  
afflicted with an enormous ap-  
petite, eating, for instance, 10 to 15  
pounds of bread every meal. His  
salary was insufficient to meet his  
grocery bill.

The local economic commission,  
which fixes wage scales, decided  
that the work the red-eyed one  
did in comparison with other la-  
borers was cheap at half the price  
and ordered his pay doubled.

### HOPS OFF TODAY FROM COCHRANE FOR MT. EVANS

AVIATORS HOPE TO FLY OVER  
LABRADOR AND ARCTIC  
STRAITS BY DAYBREAK

WEATHER REPORTS GOOD, AND  
CANADIANS CHEER FLYERS  
ON THEIR WAY

Cochrane, Ont., Aug. 18.—(UP)—  
The monoplane Greater Rockford  
took off at 12:12 P. M. EST., today  
for Mt. Evans.

Bert Hassell and his companion,  
Parker Cramer, hoped to make the  
long flight over the barren wastes of  
Labrador and the Arctic Straits by  
daybreak tomorrow.

Weather reports were good and  
the plane left to the cheers and best  
wishes of the entire population of  
this settlement.

If they reach their goal, the fliers  
will have completed the second part  
of an adventurous flight from Rock-  
ford, Ill., to Stockholm, Sweden,  
with stops in Cochrane, Greenland  
and Iceland.

The Greater Rockford moved  
smoothly down the specially built  
runway and in 40 seconds rose easily  
into the air.

The crowd, waving and cheering,  
lingered at the field discussing the  
fliers' great adventure long after the  
plane was lost to view over the hori-  
zon.

Cochrane, Ont., Aug. 18.—Aimed  
towards the barren wastes of Canada  
and thence out to sea, the airplane  
'Greater Rockford' was ready to  
start at noon today on the second  
stage of its flight from Rockford,  
Ill., to Stockholm, Sweden.

Yesterday Bert Hassell was forced  
to postpone his flight to Mt. Evans,  
Greenland, because of bad weather  
but his flying companion, Parker D.  
Cramer, expected to get away today.  
They hoped to reach their destina-  
tion within 16 hours. The plane is  
already fueled for the getaway.

Hassell started from Rockford,  
Ill., Thursday on this long flight to  
the Scandinavian countries.

The Rockford pilot was certain of  
success of his flight to Stockholm—  
a flight that is to be made by easy  
stages—and said he believed the  
present test tour would result in es-  
tablishment of a definite trans-At-  
lantic airplane route from midwest-  
ern United States to Europe.

Reykjavik, Iceland, Aug. 18.—  
When Bert Hassell arrives here on  
the third stage of his flight from  
Rockford, Ill., to Stockholm, Sweden,  
a landing field will be prepared just  
70 kilometers outside of Reykjavik.

The landing field is a big farm on  
the left bank of the River Olufsa,  
surrounded by level meadows and  
marked by a white cross.

It will be no new thing for Reyk-  
javik to be host to trans-Atlantic  
fliers as the United States army  
around-the-world fliers arrived here  
in 1924.

Hassell will fly here from Mt.  
of an adventurous flight from Rock-  
Evans, Greenland. From here he will  
start on his long water and land  
jump to Stockholm, Sweden.

### JOHNSON, SWING GRATIFIED BY HOOVER'S STAND

San Francisco, Aug. 18.—(UP)—Sen-  
ator Hiram W. Johnson and Congress-  
man Phil D. Swing, co-authors of the  
Swing-Johnson bill, issued statements  
here today expressing their gratifica-  
tion that Herbert Hoover, republican  
presidential nominee, had aligned him-  
self on the side of the Boulder dam  
project.

### ART GOEBEL AFTER TRANSCONTINENTAL NONSTOP FLIGHT MARK

Los Angeles, Aug. 18.—(UP)—  
Art Goebel, winner of the Dole  
flight to Hawaii, expects to leave  
here about noon today for New York  
in an attempt to break the trans-  
continental nonstop flight record.

Goebel will fly the "Yankee  
Doodle" and will be accompanied by  
H. J. Tucker, owner of the craft.

The present record, slightly more  
than 26 hours, is held by Lieuten-  
ants Kelley and MacReady.

BRAINERD  
25 YEARS AGO

From the Daily Dispatch

August 17, 1903

A district convention of the Degree of Honor is being held in the city this afternoon and a large number of delegates are present. This is the Brainerd district and includes Little Falls, Staples, Wadena, and other towns in the immediate vicinity.

The time this afternoon was devoted to reading of papers by Lucy Barrett, Chief of Honor, of Staples; Mrs. Anderson, Chief of Honor, of Little Falls; Miss Laura Migge, Lady of Honor, of Wadena and Mrs. T. E. Canan, past Chief of Honor, of this city.

A banquet will be held in the large dining room of the Elks hall and there will be Degree work afterwards to be followed by a social hour.

The Misses Alderman, Nevers, Keene, and Smith have issued invitations for a fancy dress ball and progressive luncheon to take place Wednesday evening. The party assembles at the home of Miss Nevers, corner of Fourth and Main.

Mrs. W. H. Gruenhagen and daughter, Miss Clara, left for their home in St. Anthony after visiting in the city for a few days.

Miss Amy Lowey entertained this afternoon at her home, 501 North Ninth street, in honor of Miss Wilson and Miss Sheppard of Wheeling, West Va.

August 18, 1903

If the reports in circulation are true Brainerd will soon get another train from St. Paul, a night service, which will be one of the best moves from a Brainerd point of view that the railroad company has made for some time.

The report goes that the company will put on a through passenger train from St. Paul to Winnipeg, going by the way of Winnipeg Junction and Brainerd. It is expected that the new service will go into effect September 1.

Judge Sanborn, of the probate court, has officiated at two nuptial events, the first being the marriage of Guy Graham of Kansas City, Mo., to Miss Catherine Evans, of Crow Wing county. The other event was the marriage of Nicholas McGraw, of Becker county, and Dolly Riehoff, of Crow Wing.

A lawn fete was given yesterday afternoon by Mrs. W. A. M. Johnson in honor of Mrs. G. G. Gates of Chicago and Mrs. James McCall of St. Louis who have been visiting in the city.

A new and modern Birtman X-ray and static machine has been added to the already elaborate equipment at St. Joseph's hospital and the same will be greatly appreciated by the public as well as the profession who will have occasion to use it.

It is a sixteen-glass plate machine and is one of the best that is manufactured. It is located in the pharmacy room and will be used from now on in the important cases.

**Entertain Sunday School Class**

# MORE MOOSE JOIN CONVENTION HERE

Registration Figures Indicate Added Attendance Over First Day

## INITIATION CEREMONIES

About 150 Brainerd Men in Moose Class, 37 Women Join Mooseheart Legion

The state convention of the Loyal Order of Moose continues in full swing as the registration figures to-day more than triple those of yesterday. Approximately 150 Brainerd men were installed in the local chapter of the Moose at the O'Brien building last night and 37 Brainerd women were initiated into the ranks of the Brainerd chapter of the Women of Mooseheart Legion at initiation services held in the new Elks hall last night.

Mayor Frank E. Little, a former Dictator of Brainerd lodge, gave the address of welcome and was followed by R. E. Wyatt, president of the Brainerd Chamber of Commerce who also extended greetings.

The meeting was called to order by Ben O'Hara, Grand Herder of Milwaukee, Wis. President Roy A. Meisner of Duluth spoke briefly. D. H. Fullerton, City Attorney of Brainerd spoke.

The response was made by Past President W. A. Pittenger of Duluth.

Congressman Harold Knutson of St. Cloud gave an address on fraternalism, patriotism and the accomplishments at Mooseheart and paid a tribute to Secretary of Labor John J. Davis, head of the Moose order.

Dr. Carl A. Ingerson, St. Paul, supreme trustee, led in community singing.

Owing to the length of the welcoming ceremonies the field sports at Lum Park were postponed until Sunday morning. Sunday will be devoted to sports with the field sports and the turkey chase in the morning and the water sports in the afternoon.

The concert given by the Ladies band under the direction of Mrs. Winnifred Cronk Ziebell during the banquet last night at Lum Park was enjoyed greatly by the host of visitors. A local Junior Moose orchestra under the direction of Mrs. L. Johnson also proved highly entertaining. The youngsters in the orchestra ranged in age from six to 12 years. A vocal solo by Marcella Holm accompanied by a violin obligato by Madge Clark, and a violin duet by Gladys and Leonard Johnson accompanied by Leonard Johnson were feature numbers on the Junior Moose program.

The initiation for the two classes becoming members of the local Moose and Mooseheart Legion chapters were held at 7:30 o'clock last night.

Approximately 140 couples swayed to the music of the L. O. Johnson orchestra at the convention ball held at Lum Park last evening at 9 o'clock. A prize waltz was held at 11 o'clock.

At 10 A. M. today the school of instruction for secretaries and dictators was conducted by Paul B. Schmitz, Deputy Supreme Secretary, and a school of instruction for the Ladies of Mooseheart Legion was conducted by Miss Emma Hanks, Deputy Grand Regent at the same hour.

At 11 a. m. the competitive drill team contests were held in the Elks hall and a silver loving cup awarded to the winners.

The afternoon session opened at the Moose headquarters at 1:30 with an invocation followed by a business session.

The baseball game between the Brainerd Moose and Crosby-Ironton scheduled for 3:30 P. M. at Municipal field had to be called off owing to the wet conditions of the grounds due to the heavy rains the forepart of the week.

Tonight's program includes the convention parade through the business district at 6:15 o'clock and the giving away of a "Live White Baby" at 7:30 o'clock. A street dance will be held on Front street between 7th and Broadway street between 8 o'clock and midnight. The Brainerd Ladies band under the direction of Miss Elsie Drexler will furnish the music. At 9 P. M. a radio program will be broadcast from Mooseheart for the convention. At 9 o'clock the institution of the Cuyuna Legion will occur.

Besides the postponed field sports other features of the Sunday program are:

8 a. m.—Services in local churches.

9 a. m.—Auto rides to Cuyuna Iron Range, lake districts, Breezy Point and Grand View Lodge.

1 p. m.—Marathon race, starting at Front and 6th streets to Lum Park.

1:30 p. m.—Water sports, swimming, diving and log rolling. Classes A, B, and C and free for all and speed boat races. Dixie Thompson, holder of women's under water record.

## Organizes Women

Mrs. Alvin T. Hert, of Kentucky, vice-chairman of the Republican National Committee, who has begun the organization of women throughout the country for the Hoover-Curtis ticket.

## PUT THE BAWLS ACROSS

"She'd make a better baseball player than I am!" "What makes you think so?" "From the way she puts the bawls across."

## Defense of Curiosity

Curiosity is one of the permanent and certain characteristics of a vigorous intellect.—Johnson

## Long French Capital

Paris has been the capital of France since the Tenth century, with the exception of a period of years between 1871 and 1879, when Versailles was the seat of the French government.

## Singing Fireman's Mileage Circles Earth Five Times

Five times around the earth! Howard Melaney, singing fireman of the Northern Pacific, since January 1 has traveled the equivalent of that mileage to fill his radio engagements. Four thousand miles a week has been his average, a total of 128,000 miles. In that period his lyric tenor voice has been heard by millions of persons from the Atlantic to the Pacific. He is one of the most popular radio artists in America today and less than two years ago he was an unknown grimy-faced fireman on a locomotive drawing the North Coast Limited in Montana.

Both of these addresses will be worth hearing, touching as they will the religious and civil and political life of this country, where events of great importance are taking place that will have great influence on the entire world. Thursday evening the prayer service will be held at the church.

Next Sunday Mrs. Dedham of Toronto, Canada, will speak at both the morning and evening services. She is a woman with a great message. Tourists are cordially invited to attend all these services in their traveling togs.

## Solomon Not a Negro

There is no foundation whatever for the notion that King Solomon was a colored man; it may arise from the fact that the royal family of the Abyssinians—a black though not a negro people—claims a traditional descent from King Solomon and the queen of Sheba.

## Jewish Lamentation

There are various lamentations made at the wailing walls in Jerusalem. Many prayers were arranged by R. Samuel in the Eighteenth century appropriate for use on entering Jerusalem. A devout alien Jew is accustomed to rend his garment, reciting the tenth verse of the forty-fourth chapter of Isaiah. Favorite lamentations are those of the fourth and fifth chapters of Jeremiah, also the seventeenth verse of the first chapter.

## SHALL THE DREAM COME TRUE?

WE recall nothing in the past that seems so full of promise for a lasting peace among the leading nations of the earth as the responses coming to Secretary Kellogg's treaty proposals. Only a few years ago he would have been quite generally put down as a dreamer. To be sure, to many he seems that now, but when, in their Memorial Day addresses, two such different men as the President of the United States and General Pershing speak so hopefully of the negotiations going on to this end, it would seem as if here was another of humanity's great dreams almost ready to come true.

President Coolidge said at Gettysburg, near the very spot where Lincoln delivered his immortal tribute to the dead, "It seems to me that the greatest honor we can do to those who have died on the field of battle that this republic might live is soberly to pledge ourselves to bend every effort to prevent any recurrence of war. The government of the people, by the people, and for the people, which Lincoln described, is a government of peace, not of war, and our dead will not have died in vain if, inspired by their sacrifice, we endeavor by every means in our power to prevent the shedding of human blood in the attempted settlement of international controversies."

And General Pershing, standing Memorial day in that beautiful cemetery in France consecrated to our American dead, spoke of "the fallacious theory that war is an essential element in the national policy of a government," and denounced ideas that nations rise to greatness through cruel and barbaric methods. Both these men gave evidence of their hope that by some such agreement among themselves as Secretary Kellogg's plan suggests the nations of the world might unite with one another in a solemn compact to eliminate war.

Let every one of us, each up to the measure of his power by word and deed, help forward this movement. The peoples of the world do not want war. They must make their representatives know this beyond all misunderstanding.—*Boston Magazine.*

## ELECTRICITY, MACHINERY AID FARMING

IN the past few years a bloodless agricultural revolution has been taking place that has given the farmer new standards of living, says the Industrial News Bureau, The Manufacturer. It has given the man of the soil greater efficiency, speed and economy. The weapons of the revolution have been rural electrification and modern machinery.

Electricity does a great deal more than merely enable the farmer to earn more money through the use of power. It is freeing him from much of the drudgery and discomfort that has been associated with agricultural pursuits since time immemorial.

Modern machine equipment is working improvements along the same line. "If the eight leading crops of 1923 had been produced by the hand methods in vogue a century ago, it would have required over 1 1/3 billion more days than was actually expended," said the Progressive Farmer recently. "With wages at \$3 a day, except for cotton at \$2, the total saving in favor of the machine methods was over 3 3/4 billion dollars."

The value to agriculture of such a machine as the tractor, for example, is inestimable. It has performed miracles, in points of efficiency, service and labor saving.

In the farm home electricity has found its place with the result that the housewife is relieved of a multitude of burdens. Electric stoves, lights, cleaners, and various other appliances are emancipating her from toil and giving her leisure.

It was but a brief time ago that we heard of a movement of young men from the farms to the cities. They were unwilling to suffer the rigorous life of their ancestors, and they were eager to take advantage of modern progress.

The growth of farm electrification and modern machinery is changing that. It is bringing about a "back to the farm" movement instead.

Electricity and modern farm machinery are immeasurably increasing rural health and happiness and comfort and prosperity. In the past few years modern farmers have progressed more than their forebears did in whole centuries.

## POSTAL GAINS AND DEFICITS

Two items concerning mail appeared in newspapers recently on the same day, says the Bemidji Daily Pioneer. One told of Postmaster General New's forecast of a deficit of more than \$100,000,000 for the Postoffice Department in the fiscal year 1929. He based his estimate on three factors: pay increases totalling \$77,000,000; a loss of revenue through lowered rates of \$16,000,000, and the increased pay to railroads required by the Interstate Commerce Commission. Nothing was said about the franking abuse, although that must contribute considerably to the annual deficit.

The other item told of the new mail rates which became effective on August 1. Under the new rates—5 cents for the first ounce—it becomes possible to send twice the weight at half the price that has prevailed up to now. It is confidently expected that this will greatly increase use of the air mail.

There are now 32 regular air mail routes either in operation or about to start, connecting all parts of the United States, Canada, Cuba, Porto Rico and most of Central America.

The deficit is distressing, yet there is hope that the reduced rates will so increase the volume of business as to wipe out some of it, if not all. No one should grudge postal workers their pay increases. Most of them still are paid too little for service of such fine quality and importance.

Somehow the postal service ought to be put on a self-supporting basis. No one in this day of efficiency and economy should accept permanent defeat in this matter. In the meantime, the public should support the service loyally, especially the splendid air mail.

## TO VISIT ROTARY CLUB

DISTRICT GOVERNOR DR. GEORGE PHIL SHERIDAN of Rochester will visit Brainerd Rotary club officially next Tuesday noon. Rev. Sheridan was formerly pastor of the First Congregational church here and took a deep interest in civic affairs, once serving as President of the Brainerd Chamber of Commerce.

Rev. Sheridan was instrumental in organizing the Rotary club at Rochester and was its first president. That he intends to do constructive work in Rotary is evidenced by the fact that he filed a questionnaire with the local club wherein he addressed 115 interrogatories.

## Do You Buy Advertised Goods?

Of course you do; everybody does. Just run over in your mind the various articles that you have purchased in the last week or the last month. How about foods? Your breakfast fruits, cereals and bacon are all advertised. Probably that is how you first came to know of them—through advertising. Probably the shoes you are wearing, or the dress or suit you have on are equally well-known advertised makes, and you are proud of them.

In the home. On the floor are rugs and linoleum—the better wearing kinds are extensively advertised. What about the kitchen? Aluminum ware, gas ranges, hot water heaters, dish and clothes washers, cooking utensils of all kinds—practically everything you use is advertised. You buy advertised products because you have confidence in them. You know that a manufacturer cannot afford to advertise shoddy or unworthy merchandise.

The more you read advertising the more you will know about human progress. You will become well posted in almost every line of human endeavor and a canny judge of values. Reading advertisements is a fine habit. Cultivate it.

Advertising is one form of insurance. It gives you a feeling of perfect confidence and safety when you ask for an advertised brand, for you know that you will get the quality and service you expect. The name is the guarantee.

Read the advertisements and  
buy advertised goods. They  
are the safest investment

## Do You Buy Advertised Goods?

Of course you do; everybody does. Just run over in your mind the various articles that you have purchased in the last week or the last month. How about foods? Your breakfast fruits, cereals and bacon are all advertised. Probably that is how you first came to know of them—through advertising. Probably the shoes you are wearing, or the dress or suit you have on are equally well-known advertised makes, and you are proud of them.

In the home. On the floor are rugs and linoleum—the better wearing kinds are extensively advertised. What about the kitchen? Aluminum ware, gas ranges, hot water heaters, dish and clothes washers, cooking utensils of all kinds—practically everything you use is advertised. You buy advertised products because you have confidence in them. You know that a manufacturer cannot afford to advertise shoddy or unworthy merchandise.

The more you read advertising the more you will know about human progress. You will become well posted in almost every line of human endeavor and a canny judge of values. Reading advertisements is a fine habit. Cultivate it.

Advertising is one form of insurance. It gives you a feeling of perfect confidence and safety when you ask for an advertised brand, for you know that you will get the quality and service you expect. The name is the guarantee.

Read the advertisements and  
buy advertised goods. They  
are the safest investment

## COMPETE IN THE TAILTEANN GAMES FRIDAY

AMERICANS ADD 4 FIRST PLACES TO STRING IN YESTERDAY'S COMPETITION

MCGINNIS VAULTS TO NEW IRISH RECORD, 13 FEET, IN POLE VAULT

Dublin, Aug. 18.—(UP)—American athletes in the Tailteann games here have left no doubt as to their superiority. Four first places were added to their string in yesterday's competition.

Charley McGinnis vaulted to a new Irish record of 13 feet for a first in the pole vault event.

Leo Lermond, Boston, won the 5,000 meters run and Walter Gegan, New York, won the 3,000 meters steeplechase.

A second Bloomfield athlete, Johnny Gibson, won the 400 meters.

Lieut. Bell, Brooklyn, was third in the 3,000 meters and Edmund Black, Portland, Maine, was third in the 56-pound weight throw.

## END OF ANOTHER BRILLIANT SPORTS CAREER NEARING

IS ABSENT FROM EARLY SEASON TOURNAMENT IN UNITED STATES

AFTER 20 YEARS OF HARD PLAYING FEELS SHE IS ENTITLED TO REST

New York, Aug. 18.—(UP)—The end of another brilliant sports career was in sight today with the announcement that Molla Bjurstedt Mallory, eight times women's national tennis champion, is "losing interest" in the sport.

Mrs. Mallory who never has ranked lower than third nationally, in her 13 years as an American tennis star, gradually is turning away from the game, her husband, Franklin I. Mallory, New York broker, indicated yesterday in discussing her absence from early season tournament in the United States.

"After 20 years of hard playing, Mrs. Mallory feels she is entitled to take a rest," Mallory said. "She took part in several European matches during our trip abroad earlier in the summer, but I think she found her greatest pleasures away from the courts."

Mrs. Mallory started playing tennis in her native Norway nearly 20 years ago. She won international recognition as a tennis player in that country before she came here in 1915 to win her first national title.

In addition to her eight championships, Mrs. Mallory has an enviable record in doubles, mixed doubles and minor championship meets. Her success on the courts never has been equalled.

## DIVING ARTIST FEATURES WATER SPORTS CARNIVAL

As a feature of the water sports carnival to be held Sunday afternoon by the Loyal Order of Moose in state convention assembled at Lam Park, the local sports committee has engaged "Dixie" Thompson, well known fancy diver and under water record holder, to give an exhibition of fancy diving, an under water endurance test and as a climax to her act to perform the "sack escape."

She has won many cups in fancy diving and endurance contests throughout the country and established a world's record for women by remaining under water for four minutes and 18 seconds at Ocean Beach, Calif. In connection with the diving act Sunday afternoon she will remain under water two minutes.

The "sack escape" was originated by the late Houdini, known the world over as "The Handcuff King," and for his marvelous ability to escape from almost any predicament. Since the death of Houdini, so far as

"Dixie" Thompson

is known, "Dixie" holds the distinction of being the only person in the world to perform the "sack escape" in open water without means of rescue in case of failure. Several others have attempted to perform this stunt on the vaudeville stage in a glass front tank with lifting apparatus to take them from the water if their endurance failed, but so far they have not attempted it in open water. "Dixie" will be tied securely in a heavy canvas sack and dropped into the waters of Rice Lake, escaping unaided and without damaging the sack in any way or manner. She uses a heavy lead belt to cause her to go directly to the bottom, where she releases herself.

"Dixie" Thompson formerly had a water act on several vaudeville circuits and appeared in Miss Annette Kellerman's moving pictures, such water spectacles as "Neptune's Daughter," "Undine," and others. For the last several years she has made her home in Brainerd, continuing her water activities in the lake region.

### Spinal Injury Fatal to Girl Diver

Chicago, Aug. 18.—Injured more than two weeks ago while making a high dive from a 65-foot platform in Akron, Ohio, Sylvia June Hesbol, professional stunt diver, died Thursday night. The girl's spinal cord was injured when she hit the tank off balance. She was paralyzed from her neck down. She was diving into six feet of water.

Note—Miss Hesbol was a friend of "Dixie" Thompson, local fancy diver. "Dixie" was injured six years ago in a somewhat similar manner. She was doing an 80-foot dive into a tank with 8 feet of water. The

ladder was somewhat off balance, causing her to strike too near the edge of the tank. In turning to come to the surface, she struck head-on into the side of the tank, crushing her nose. The incident happened at Rhinelander, Wis., and Dr. Lischkoff of that city performed one of his best plastic surgery operations in removing the bridge of her nose in 26 pieces and replacing it with a silver plate anchored to the skull. Six weeks after the accident, "Dixie" was making the same dive.

### Little White Lies

We all lie a little when we tell stories about ourselves, because we want to seem more colorful, important and attractive than we feel ourselves to be. We like to tell stories that reflect us as we wish we were. We would like to be so, and, indeed, we often picture ourselves so when we are alone. Hence our stories, our colorful anecdotes, our white lies told as truths.—Thyra S. Winslow in Smart Set Magazine.

## RACING CAR OF CAPT. CAMPBELL IS FIRE LOSS

CAMPBELL WAS AT ONE TIME HOLDER WORLD'S MOTOR CAR SPEED RECORD

BRITISH DRIVER AND OTHER MEMBERS OF STAFF NOT INJURED

Belfast, Ireland, Aug. 18.—(UP)—The racing motor car of Capt. Malcolm Campbell, one time holder of the world's motor car speed record, was destroyed by fire today.

Campbell and other members of his staff were not injured.

The British driver was in a French Bugatti machine and it caught fire at the end of the second lap.

Campbell's motor car had been entered in the 410-mile Royal Automobile club tourist trophy race. The British driver was a 5 to 1 favorite as the 44 racers started from the runway. He had negotiated two laps when his machine suddenly caught fire, roared to the fences, and was destroyed.

Three hundred thousand persons in the stands watched the accident.

## Watching the Scoreboard

(By United Press)

Yesterday's Hero—Larry Benton, New York Giants' ace, whose brilliant relief pitching enabled the McGrawmen to take the first game of the series from the St. Louis Cardinals, 3 to 2. Benton went to the mound in the eighth inning with the bases filled and only one out. He retired the side and then set the Cards down one-two-three in the ninth. The Giants scored two runs on sacrifice flies and the other on Andy Cohen's single.

Dough McWeeney outpitched Sheriff Blake, the Brooklyn Robins defeating the Chicago Cubs 1 to 0. Rube Bressler's single in the ninth drove in the winning run.

Two runs in the ninth on a walk to Zitzmann, Kelly's double and a single by Lucas enabled the Cincinnati Reds to beat the Boston Braves, 2 to 1.

Pie Traynor made seven hits and drove in eight runs, the Pittsburgh Pirates taking a doubleheader from the Philadelphia Phillies 10 to 3 and 9 to 1.

Muddy Ruel's triple with two men on base in the eighth inning gave the Washington Senators a 3 to 1 victory over the Detroit Tigers.

The Boston Red Sox beat the Chicago White Sox, 4 to 3, Russell's single in the eleventh winning the game.

Rain kept the New York Yankees and Philadelphia Athletics idle.

## Some Do and Some Don't

**"RUSTY" CALLOW.**

THE WESTERN WIZARD HAS FAILED TO OBTAIN WINNING RESULTS IN HIS FIRST YEAR AS PENN. ROWING COACH --

**ED LEADER.**

OF YALE = ONE OF THE FEW COACHES IN HISTORY TO PRODUCE A WINNER RIGHT OFF THE BAT!

© 1928, by King Features Syndicate, Inc.

### By QUIN HALL

WHILE "Rusty" Callow hasn't obtained winning results during his first year as rowing coach at Pennsylvania "Rusty" Callow isn't downhearted.

No, sirree! He may be disappointed, but he isn't in any sense of the word downhearted.

The results obtained by a rowing coach depend, like a lot of dikes in this thing we call life, upon circumstances.

"Rusty" Callow isn't responsible for those circumstances and probably the University of Pennsylvania isn't responsible. Just like discovering a fly in the ointment—it's often hard to place the blame.

Undoubtedly "Rusty" would have rejoiced at bringing home a winner in his first year at Penn and the University undoubtedly wouldn't have offered any serious objections to such a situation. But it just didn't happen and neither Callow nor the school is downhearted.

Very few rowing coaches accomplish immediate results. The thing is about as rare as a straw hat north of the Mason and Dixon line in the middle of December.

Occasionally a gent breezes up from Florida without changing headgear, but as circumstances go you could stand on a busy corner until your feet froze without seeing a Summer chapeau. And the same thing holds true of rowing coaches who make good right off the bat.

Ed Leader did this at Yale and has kept winning pretty consistently since he took over his duties at Old Eli. One thing that helped make this possible was the big outpouring of candidates for the variety of rowing crews. Ed had plenty of material to work with and it proved to be not only a physical help, but it undoubtedly inspired Leader mentally. So much for Leader and his pace-setting gait.

Last Spring Callow had thirty candidates and twenty came out to try for the freshman crew. But that Callow personality is sure to work wonders at Penn and it wouldn't be at all surprising to see a much larger list of crew candidates clamoring for places next Spring. Maybe, after all, the winning crew spirit isn't as hot at Penn as it really should be. If that Callow urge doesn't excite the campus to bigger and better attention to rowing by next Spring then maybe, after all, Penn doesn't want a winning crew.

Callow has a great reputation as a teacher. He's considered one of the two greatest teachers of sweep rowing in the country and there's ample reason for his rating.

If those Penn huskies will show an active interest and come out in mobs instead of in dribbles there is no valid reason why Penn should not fare exceptionally well on the water. Ky Elbright, the coach of the crack California eight which clearly showed its superiority over the country during the past Spring, was busily engaged for five years in developing his combination. The Bears started to show their strength last year and furnished most of the fireworks during the regular season in 1928.

A good crew, like Rome, isn't built in a day. While there are exceptions they are almost as scarce as long-haired gals at a flappers' convention, and that's one reason why Callow isn't downhearted, although he isn't tossing his hat in the air and singing songs of gladness.

If Penn gives "Rusty" real cooperation "Rusty" will likely give Penn a crackerjack crew. Without that cooperation Penn doesn't deserve a crew.

## N. Y. GIANTS GAIN A GAME ON CARDINALS

New York, Aug. 18.—(UP)—The New York Giants gained a game on the St. Louis Cardinals yesterday by beating the National league leaders, 3 to 2, and reducing their lead to 2½ games.

The New York Yankees and Philadelphia Athletics were idle in the American league because of rain.

The standing of the two leaders in each major league follows:

## END OF ANOTHER BRILLIANT SPORTS CAREER NEARING

IS ABSENT FROM EARLY SEASON TOURNAMENT IN UNITED STATES

AFTER 20 YEARS OF HARD PLAYING FEELS SHE IS ENTITLED TO REST

New York, Aug. 18.—(UP)—The end of another brilliant sports career was in sight today with the announcement that Molla Bjurstedt Mallory, eight times women's national tennis champion, is "losing interest" in the sport.

Mrs. Mallory who never has ranked lower than third nationally, in her 13 years as an American tennis star, gradually is turning away from the game, her husband, Franklin I. Mallory, New York broker, indicated yesterday in discussing her absence from early season tournament in the United States.

"After 20 years of hard playing, Mrs. Mallory feels she has reached the time when she is entitled to take a rest," Mallory said. "She took part in several European matches during our trip abroad earlier in the summer, but I think she found her greatest pleasures away from the courts."

Mrs. Mallory started playing tennis in her native Norway nearly 20 years ago. She won international recognition as a tennis player in that country before she came here in 1915 to win her first national title.

In addition to her eight championships, Mrs. Mallory has an enviable record in doubles, mixed doubles and minor championship meets. Her success on the courts never has been equalled.

## DIVING ARTIST FEATURES WATER SPORTS CARNIVAL

As a feature of the water sports carnival to be held Sunday afternoon by the Loyal Order of Moose in state convention assembled at Lum Park, the local sports committee has engaged "Dixie" Thompson, well known fancy diver and under water record holder, to give an exhibition of fancy diving, an under water endurance test and as a climax to her act to perform the "sack escape."

She has won many cups in fancy diving and endurance contests throughout the country and established a world's record for women by remaining under water for four minutes and 18 seconds at Ocean Beach, Calif. In connection with the diving act Sunday afternoon she will remain under water two minutes.

The "sack escape" was originated by the late Houdini, known the world over as "The Handcuff King," and for his marvelous ability to escape from almost any predicament. Since the death of Houdini, so far as

"Dixie" Thompson

is known, "Dixie" holds the distinction of being the only person in the world to perform the "sack escape" in open water without means of rescue in case of failure. Several others have attempted to perform this stunt on the vaudeville stage in a glass front tank with lifting apparatus to take them from the water if their endurance failed, but so far they have not attempted it in open water. "Dixie" will be tied securely in a heavy canvas sack and dropped into the waters of Rice Lake, escaping unaided and without damaging the sack in any way or manner. She uses a heavy lead belt to cause her to go directly to the bottom, where she releases herself.

"Dixie" Thompson formerly had a water act on several vaudeville circuits and appeared in Miss Annette Kellerman's moving pictures, such water spectacles as "Neptune's Daughter," "Undine," and others. For the last several years she has made her home in Brainerd, continuing her water activities in the lake region.

**Spinal Injury Fatal to Girl Diver**  
 Chicago, Aug. 18.—Injured more than two weeks ago while making a high dive from a 65-foot platform in Akron, Ohio, Sylvia June Hesbol, professional stunt diver, died Thursday night. The girl's spinal cord was injured when she hit the tank off balance. She was paralyzed from her neck down. She was diving into six feet of water.

Note—Miss Hesbol was a friend of "Dixie" Thompson, local fancy diver. "Dixie" was injured six years ago in a somewhat similar manner. She was doing an 80-foot dive into a tank with 8 feet of water. The

ladder was somewhat off balance, causing her to strike too near the edge of the tank. In turning to come to the side of the tank, crushing her nose. The incident happened at Rhinelander, Wis., and Dr. Lischkoff of that city performed one of his best plastic surgery operations in removing the bridge of her nose in 26 pieces and replacing it with a silver plate anchored to the skull. Six weeks after the accident, "Dixie" was making the same dive.

## Little White Lies

We all lie a little when we tell stories about ourselves, because we want to seem more colorful, important and attractive than we feel ourselves to be. We like to tell stories that reflect us as we wish we were. We would like to be so, and, indeed, we often picture ourselves so when we are alone. Hence our stories, our colorful anecdotes, our white lies told as truths.—Thyra S. Winslow in Smart Set Magazine.

## RACING CAR OF CAPT. CAMPBELL IS FIRE LOSS

CAMPBELL WAS AT ONE TIME HOLDER WORLD'S MOTOR CAR SPEED RECORD

BRITISH DRIVER AND OTHER MEMBERS OF STAFF NOT INJURED

Belfast, Ireland, Aug. 18.—(UP)—The racing motor car of Capt. Malcolm Campbell, one time holder of the world's motor car speed record, was destroyed by fire today.

Campbell and other members of his staff were not injured.

The British driver was in a French Bugatti machine and it caught fire at the end of the second lap.

Campbell's motor car had been entered in the 410-mile Royal Automobile club tourist trophy race.

The British driver was a 5 to 1 favorite as the 44 racers started from the runway. He had negotiated two laps when his machine suddenly caught fire, roared to the fences, and was destroyed.

Three hundred thousand persons in the stands watched the accident.

**Yesterday's Hero**—Larry Benton, New York Giants' ace, whose brilliant relief pitching enabled the McGrawmen to take the first game of the series from the St. Louis Cardinals, 3 to 2. Benton went to the mound in the eighth inning with the bases filled and only one out. He retired the side and then set the Cards down one-two-three in the ninth. The Giants scored two runs on sacrifice flies and the other on Andy Cohen's single.

**Dough McWeeney outpitched Sheriff Blake**, the Brooklyn Robins defeating the Chicago Cubs 1 to 0. Rube Bressler's single in the ninth drove in the winning run.

**Two runs in the ninth on a walk to Zitzmann**, Kelly's double and a single by Lucas enabled the Cincinnati Reds to beat the Boston Braves, 2 to 1.

**Pie Traynor made seven hits and drove in eight runs**, the Pittsburgh Pirates taking a doubleheader from the Philadelphia Phillies 10 to 3 and 9 to 1.

**Muddy Ruel's triple with two men on base in the eighth inning gave the Washington Senators a 3 to 1 victory over the Detroit Tigers.**

**The Boston Red Sox beat the Chicago White Sox, 4 to 3**, Russell's single in the eleventh winning the game.

**Rain kept the New York Yankees and Philadelphia Athletics idle.**

## Some Do and Some Don't

**"RUSTY" CALLOW.**

THE WESTERN WIZARD HAS FAILED TO OBTAIN WINNING RESULTS IN HIS FIRST YEAR AS PENN ROWING COACH --

**ED LEADER.**

OF YALE = ONE OF THE FEW COACHES IN HISTORY TO PRODUCE A WINNER RIGHT OFF THE BAT!

By QUIN HALL.  
**W**HILE "Rusty" Callow hasn't obtained winning results during his first year as rowing coach at Pennsylvania "Rusty" Callow isn't downhearted.

No, siree! He may be disappointed, but he isn't in any sense of the word downhearted.

The results obtained by a rowing coach depend, like a lot of dikes in this thing we call life, upon circumstances.

"Rusty" Callow isn't responsible for those circumstances and probably the University of Pennsylvania isn't responsible. Just like discovering a fly in the ointment—it's often hard to place the blame.

Undoubtedly "Rusty" would have rejoiced at bringing home a winner in his first year at Penn and the University undoubtedly wouldn't have offered any serious objections to such a situation. But it just didn't happen and neither Callow nor the school is downhearted.

Very few rowing coaches accomplish immediate results. The thing is about as rare as a straw hat north of the Mason and Dixon line in the middle of December.

Occasionally a gent breezes up from Florida without changing headgear, but as circumstances go you could stand on a busy corner until your feet froze without seeing a Summer chapeau. And the same thing holds true of rowing coaches who make good right off the bat.

Ed Leader did this at Yale and has kept winning pretty consistently since he took over his duties at Old Eli. One thing that helped make this possible was the big outpouring of candidates for the various crews. Ed had plenty of material to work with and it proved to be not only a physical help, but it undoubtedly inspired Leader mentally. So much for Leader and his pace-setting gait.

Last Spring Callow had thirty candidates and twenty came out to try for the freshman crew. But that Callow personality is sure to work wonders at Penn and it wouldn't be at all surprising to see a much larger list of crew candidates clamoring for places next Spring. Maybe, after all, the winning crew spirit isn't as hot at Penn as it really should be. If that Callow urge doesn't excite the campus to bigger and better attention to rowing by next Spring then maybe, after all, Penn doesn't want a winning crew.

Copyright, 1928, King Features Syndicate, Inc.

Callow has a great reputation as a teacher. He's considered one of the two greatest teachers of sweep rowing in the country and there's ample reason for his rating.

If those Penn huskies will show an active interest and come out in mobs instead of in dribbles there is no valid reason why Penn should not fare exceptionally well on the water. Ky Ebricht, the coach of the crack California eight which clearly showed its superiority over the country during the past Spring, was busily engaged for five years in developing his combination. The Bears started to show their strength last year and furnished most of the fireworks during the regular season in 1928.

A good crew, like Rome, isn't built in a day. While there are exceptions they are almost as scarce as long-haired gals at a flappers' convention, and that's one reason why Callow isn't downhearted, although he isn't tossing his hat in the air and singing songs of gladness.

If Penn gives "Rusty" real co-operation "Rusty" will likely give Penn a crackerjack crew. Without that cooperation Penn doesn't deserve a crew.

# PROMINENT JUDGES AT FLOWER SHOW

Officiate at Crow Wing County Garden Flower Society Exhibition

AT COURT HOUSE AUGUST 22, 23

Explanation Given in Regard to Prize List Published Herewith

The names of three prominent judges for the fall show of the Crow Wing County Garden Flower Society to be held at the court house August 22 and 23, will be made known Monday. All the judges are prominent flower raisers and the society feels very fortunate in securing their services for the show.

An explanation is necessary as to the prizes listed below. It is impossible to list all the varieties of iris roots given as prizes and designate the variety for each class. The more expensive and choicest varieties will be given as first prizes, a less choice variety for second prize, etc. A slightly better variety is given in the classes calling for three blooms or spikes, than is given in the classes for the singles. But all the varieties are of the finest in their color and no iris root is worth less than

35 cents. All are worth competing for and with the great number of prizes offered the society feels that everyone with a good entry should carry off one or more prizes.

It will be noted that iris roots predominate in the list. They were chosen for several reasons. Iris are easy to grow, make a beautiful showing as landscape flowers and are needed for the beauty of Brainerd, and Crow Wing county. It is the hope of the Garden Flower society that each year they will be able to offer as prizes, roots or plants that will add to the beauty of our city.

Members are needed to carry on the good work and it is hoped that many who are not already members of the society, will join. There will be people at the show who will take your membership and an invitation is extended to all. The membership fee is \$1 a year and the membership includes a subscription to the magazine "Better Homes and Gardens."

Enter your flowers as early as possible, the morning of the 22nd. There is no entry fee and no admission to the show. Though you may not think so, your flowers may be better than your neighbors. The prizes are many and well worth working for.

## RULES AND REGULATIONS

- No blooms (in any class) shall be entered unless grown by the person making the entry.
- All exhibits must be received by 11:00 o'clock the first day of the show. Please make your entries early. Receptacles will be furnished except in classes 33 to 40 inclusive, and class 72.
- Each variety, except in the beginners' class and in the vases and baskets, must be correctly named. If you do not know the name of the variety you intend to enter, try and learn it beforehand.
- If protest is made after the awards, it must be in writing. Such protest will be promptly decided by the executive committee and its decision shall be final.
- Where the exact number of bloom or varieties is specified, the exact number must be shown to entitle the exhibitor to an award.
- No award will be made in any class unless the exhibit is a meritorious one.
- Only one prize will be awarded to the same person in any class.
- Entries for premiums are open to any person in Crow Wing County except professional and commercial growers.
- Exhibition not open to visitors until 1:00 o'clock the first day of the show. Judging will commence at 11:30 A. M. the first day of the show and exhibits for premiums must be in place by this time.
- All flowers become the property of the Crow Wing Garden Flower Society and will be sold after the show to help cover expenses.
- Sweepstakes are limited to members of the Crow Wing Garden Flower Society. The cups are competed for annually and must be won three times in succession before becoming the absolute possession of an exhibitor.

The special object of the Garden Flower Society is to promote the better culture of plants and flowers. First, by means of exhibition; second, by awarding prizes and awards of merit for flowers showing superior cultivation; third, by holding meetings during the winter months and hearing authorities on floral culture at said meetings and the general diffusion of knowledge among its members. Those not already members of the Society are cordially invited to join and share in the benefits to be derived from attending the meetings and exhibitions. The fee for membership is \$1.00 per year.

Scale of Points  
Gladiolus shall be judged according to the scale of points adopted by the American Gladiolus Society.

Dahlias shall be judged according to the scale of points adopted by the American Dahlia Society.

## TRUNK HIGHWAYS GENERALLY GOOD

Minnesota trunk highways continue generally good, according to the weekly condition report issued by the State Highway department today. Rains have helped to keep the dust down without seriously damaging the roads. In some cases, however, the heavy traffic is showing its effects on the road surface.

A detour will be in effect part of next week on No. 1, near the Iowa line, due to paving between Northwood, Ia., and the state line. The detour is over a narrow road and requires careful driving.

Detailed reports showing roads in the Brainerd Lake Region follow:

T. H. No. 2—Duluth, Brainerd, Wadena, Detroit Lakes and Moorhead—260 miles—Duluth, paved—Carlton, good—McGregor, fair—Aitkin, good—Mottley, fresh tar, good—Staples, good—Wadena, good, oiling—Detroit Lakes, good, short detour, fair—Hawley, paved—Moorhead, T. ## IN CAR ACCIDENTS

Faribault Mishap Victims and Canadian Party Reported Improving

The three ladies, Mrs. C. O. Hagberg, Miss Norma Hagberg and Miss Elsie Branchaud, who were injured when the Hagberg car upset near Faribault, are much improved and are expected home soon. They are being treated in a Faribault hospital.

The four Winnipeg people, who were injured yesterday near Crow Wing when their car overturned, are resting fairly easy at St. Joseph's hospital. Mrs. J. G. Mitchell is most seriously injured with a broken leg. All were severely bruised.

## SURPRISE REV. LONG

30 Members of DeMolay Are Guests at His Cottage at Parkerville

A very delightful surprise was given the Rev. Robert J. Long Thursday evening at Parkerville. About 30 members of the local chapter of DeMolay came bearing armful of good things to eat, and stood waiting at the door of Mr. Long's cottage. Rev. Long welcomed them in his usual gracious and hospitable manner.

The boys enjoyed the evening, playing games and singing songs. Special guests at the party were William Mitchell, chairman of the advisory council and Joseph Davidson.

The Roosevelt chapter were assisted in entertaining their mutual friend by Herman Brichacek and the Rev. John F. Plummer of Chicago, Ill., who is the guest of Rev. Long.

The Order of DeMolay will meet on Monday evening, August 20 at the Masonic hall when a large number are expected to be present to greet their special guest, Rev. R. J. Long.

RICHARD DIX IN THE PARAMOUNT PICTURE "WARMING UP"

Love, Baseball, Dix's New Theme In a fast-moving comedy drama, Richard Dix, the athletic star and his supporting cast, headed by Jean Arthur, provided an evening's entertainment at the Park theatre last night which well merited the enthusiastic reception accorded it by the large audience.

"Warming Up" which will be shown again tonight concerns the activities and inactivities of a young rookie baseball player whose trials and tribulations are not confined to the baseball diamond. In fact, a large percentage of the actions involve another brand of diamond, one very well known to women. Jean Arthur, Dix's leading woman, who plays opposite the star for the first time, gives a creditable performance in a pleasing role.

## 25 CHILDREN ARE AT CLINIC

Free Orthopedic Clinic Opens for Crippled and Deformed Little Ones

### HELD AT COURT HOUSE

Dr. Flagstaff From Gillette State Hospital, in Charge of the Work

About 25 children were registered this morning to pass through the free orthopedic clinic for crippled and deformed children held in the farmers room in the court house today. Dr. Flagstaff from the Gillette state hospital is in charge of the work.

Dr. Flagstaff confers with the parents of the children who are eligible for the State Hospital for Crippled Children. This is one of the fourth annual series conducted by physicians of the State Orthopedic club under the auspices of the Minnesota Public Health association. It forms a part of the state wide health program financed by the sale of Christmas seals. The clinic is sponsored locally by the County Public Health association.

The main purpose of the clinic is to discover handicapped children whose conditions can be cured or improved, and to teach the importance of early treatment. No treatment was given at the clinic today but the patients were being thoroughly examined and the parents were told whether or not there is any chance of improvement.

## 25 SPEED BOATS IN WATER FETE

Water Carnival Staged as Part of the State Moose Convention Here Sunday

### ENTER SPEED DEMONS

One Boat Built at Pequot, Another at Little Falls, Specially for the Race

About 25 speed boats have been entered in the water carnival staged as a part of the annual State Moose convention at Lum Park tomorrow afternoon. A boat is being especially built for the race at Pequot and another speed demon is about completed at Little Falls. It too was built especially for this race and is rumored to have attained a speed of 40 miles an hour in a trial test between the two river bridges in Little Falls.

Other boats entered include one from Nisswa, two from Hubert Lake, one from Ox Lake, one from Gull Lake, two from Hackensack, two from Duluth, one from Superior and several from Minneapolis. The events for the speed boats include those for class A, B, C, and D boats as well as a free for all event.

A special feature on the program will be the surf riding exhibition given by Earl Fitzsimmons of Brainerd. He will do the head-stand and the hand-stand on the board without the aid of a rope. Several weeks ago he delighted the spectators at the Park Board water carnival at Lum Park with his antics on the board. However, at that time he was unable to do many of his best stunts owing to the unsteadiness of the boat that was towing him. This time a larger, more powerful boat has been secured and he should have no unsteadiness to contend with.

The afternoon program also include swimming races, diving contests and many other aquatic events.

With wage disputes threatening railroads of the Middle West, A. F. Whitney, president of the Brotherhood of Railroad Trainmen, says that sectional meetings have been called to issue strike ballots to 70,000 western trainmen. Wage demands are being made on 80 railroads, owning 98 per cent. of the western mileage. (International Newsweek)

## AVIATORS AT ROSKO FIELD

Landing on Rosko field at 11 a. m. today the two Crosby fliers, Paul Hennick owner of the plane and P. L. Carpenter, pilot, were ready to take passengers for rides over Brainerd and the surrounding lake country early this afternoon. They will be here in their new Waco 10 plane both today and tomorrow.

A plane landed at Rosko field at 2 p. m. today and was said to have been that of Dr. W. E. Sickner of Duluth who previously announced his intention to fly his plane to the state convention of the Loyal Order of Moose here. He will be at the flying field tomorrow and many Moose contemplate enjoying the beauties of Brainerd and the Ten Thousand lake region from the air.

## NEWSPAPERMAN HERE

S. O. Simonson, president of the Evening Tribune at Albert Lea, A. R. Dean and son, George E. Dean of Blue Rapids, Kansas, and C. M. Simonson, dentist, of Albert Lea, went through the city this forenoon on their return home from a several days fishing trip at Leach Lake. The Dean's are in the flour milling business at Blue Rapids.

## VAUDEVILLE AT NEW PARK THEATRE

Cook and Collins to Present Their "Remnants" as Headline Act Tomorrow

### PROGRAM IN DETAIL

Betty Gordon Trio Features Miss Betty Gordon, Petite Star of Stage and Screen

Cook and Collins present their "Remnants," a snappy musical comedy presentation as the headline vaudeville act at the Park theatre tomorrow. They feature a conglomeration of artistic dancing, fine vocal numbers, sidesplitting wise cracks, piano selections, harmony singing and other oddities in their act.

Ben Mowatt and Billie Mullin will be found a mixed team who title their act "Putting It Over." Their offering consists mostly of comedy talk and funny situations.

Another feature attraction at the Park tomorrow is the appearance of the Betty Gordon trio featuring Miss Betty Gordon, petite star of stage and screen. Miss Betty has played on the stage and in the pictures since she was five years old, and only a few years ago was known as Baby Betty. She appeared with Wesley Barry, Thomas Meighan and several other well known stars, since entertaining in vaudeville.

Von Stremmel, a native of California, and California's foremost tenor singer and late movie star is making a personal appearance tour of the principal theatres in Minnesota, Wisconsin, North and South Dakota and Canada. Besides entertaining with some choice songs he also tells some humorous stories on his movie pals.

Johnnie Kelly in "The Side Show Spieler" is a comedy juggling artist with a line of comedy talk. He works in front of a side show drop.

# PROMINENT JUDGES AT FLOWER SHOW

Officiate at Crow Wing County Garden Flower Society Exhibition

AT COURT HOUSE AUGUST 22, 23  
Explanation Given in Regard to Prize List Published Herewith

The names of three prominent judges for the fall show of the Crow Wing County Garden Flower Society to be held at the court house August 22 and 23, will be made known Monday. All the judges are prominent flower raisers and the society feels very fortunate in securing their services for the show.

An explanation is necessary as to the prizes listed below. It is impossible to list all the varieties of iris roots given as prizes and designate the variety for each class. The more expensive and choicest varieties will be given as first prizes, a less choice variety for second prize, etc. A slightly better variety is given in the classes calling for three blooms or spikes, than is given in the classes for the singles. But all the varieties are of the finest in their color and no iris root is worth less than

35 cents. All are worth competing for and with the great number of prizes offered the society feels that everyone with a good entry should carry off one or more prizes.

It will be noted that iris roots predominate in the list. They were chosen for several reasons. Iris are easy to grow, make a beautiful showing as landscape flowers and are needed for the beauty of Brainerd, and Crow Wing county. It is the hope of the Garden Flower Society that each year they will be able to offer as prizes, roots or plants that will add to the beauty of our city.

Members are needed to carry on the good work and it is hoped that many who are not already members of the society, will join. There will be people at the show who will take your membership and an invitation is extended to all. The membership fee is \$1 a year and the membership includes a subscription to the magazine "Better Homes and Gardens."

Enter your flowers as early as possible, the morning of the 22nd. There is no entry fee and no admission to the show. Though you may not think so, your flowers may be better than your neighbors. The prizes are many and well worth working for.

## RULES AND REGULATIONS

- No blooms (in any class) shall be entered unless grown by the person making the entry.
- All exhibits must be received by 11:00 o'clock the first day of the show. Please make your entries early. Receipts will be furnished except in classes 33 to 40 inclusive, and class 72.
- Each variety, except in the beginners' class and in the vases and baskets, must be correctly named. If you do not know the name of the variety you intend to enter, try and learn it beforehand.
- If protest is made after the awards, it must be in writing. Such protest will be promptly decided by the executive committee and its decision shall be final.
- Where the exact number of bloom or varieties is specified, the exact number must be shown to entitle the exhibitor to an award.
- No award will be made in any class unless the exhibit is a meritorious one.
- Only one prize will be awarded to the same person in any class.
- Entries for premiums are open to any person in Crow Wing County except professional and commercial growers.
- Exhibition not open to visitors until 1:00 o'clock the first day of the show. Judging will commence at 11:30 A. M. the first day of the show and exhibits for premiums must be in place by this time.
- All flowers become the property of the Crow Wing Garden Flower Society and will be sold after the show to help cover expenses.
- Sweepstakes are limited to members of the Crow Wing Garden Flower Society. The cups are competed for annually and must be won three times in succession before becoming the absolute possession of an exhibitor.

## Object of the Society

The special object of the Garden Flower Society is to promote the better culture of plants and flowers. First, by means of exhibition; second, by awarding prizes and awards of merit for flowers showing superior cultivation; third, by holding meetings during the winter months and hearing authorities on floral culture at said meetings and the general diffusion of knowledge among its members. Those not already members of the Society are cordially invited to join and share in the benefits to be derived from attending the meetings and exhibitions. The fee for membership is \$1.00 per year.

## TRUNK HIGHWAYS GENERALLY GOOD

Minnesota trunk highways continue generally good, according to the weekly condition report issued by the State Highway department today. Rains have helped to keep the dust down without seriously damaging the roads. In some cases, however, the heavy traffic is showing its effects on the road surface.

A detour will be in effect part of next week on No. 1, near the Iowa line, due to paving between Northwood, Ia., and the state line. The detour is over a narrow road and requires careful driving.

Detailed reports showing roads in the Brainerd Lake Region follow:

T. H. No. 2 — Duluth, Brainerd, Wadena, Detroit Lakes and Moorhead—260 miles—Duluth, paved—Carlton, good—McGregor, fair—Atkinson, good—Mottley, fresh tar, good—Staples, good—Wadena, good, oiling—Detroit Lakes, good, short detour, fair—Hawley, paved—Moorhead. T. H. No. 18—Elk River, Milaca and Brainerd—103 miles—Good. T. H. No. 19—Brainerd, Walker and Cass Lake—93 miles—Good. T. H. No. 27—St. Cloud, Little Falls and Brainerd—62 miles—Paved.

## IN CAR ACCIDENTS

Faribault Mishap Victims and Canadian Party Reported Improving

The three ladies, Mrs. C. O. Hagberg, Miss Norma Hagberg and Miss Elsie Bräuchaud, who were injured when the Hagberg car upset near Faribault, are much improved and are expected home soon. They are being treated in a Faribault hospital.

The four Winnipeg people, who were injured yesterday near Crow Wing when their car overturned, are resting fairly easy at St. Joseph's hospital. Mrs. J. G. Mitchell is most seriously injured with a broken leg. All were severely bruised.

## SURPRISE REV. LONG

30 Members of DeMolay Are Guests at His Cottage at Parkerville

A very delightful surprise was given the Rev. Robert J. Long Thursday evening at Parkerville. About 30 members of the local chapter of DeMolay came bearing armful of good things to eat, and stood waiting at the door of Mr. Long's cottage. Rev. Long welcomed them in his usual gracious and hospitable manner.

The boys enjoyed the evening, playing games and singing songs. Special guests at the party were William Mitchell, chairman of the advisory council and Joseph Davidson.

The Roosevelt chapter were assisted in entertaining their mutual friend by Herman Brichacek and the Rev. John F. Plummer of Chicago, Ill., who is the guest of Rev. Long.

The Order of DeMolay will meet on Monday evening, August 20 at the Masonic hall when a large number are expected to be present to greet their special guest, Rev. R. J. Long.

RICHARD DIX IN THE PARAMOUNT PICTURE "WARMING UP"

Love, Baseball, Dix's New Theme. In a fast-moving comedy drama, Richard Dix, the athletic star and his supporting cast, headed by Jean Arthur, provided an evening's entertainment at the Park theatre last night which well merited the enthusiastic reception accorded it by the large audience.

"Warming Up" which will be shown again tonight concerns the activities and inactivities of a young rookie baseball player whose trials and tribulations are not confined to the baseball diamond. In fact, a large percentage of the actions involve another brand of diamond, one very well known to women. Jean Arthur, Dix's leading woman, who plays opposite the star for the first time, gives a creditable performance in a pleasing role.

At the Lyceum Sunday Wm. Haines latest comedy hit "Telling the World" will be shown at the Lyceum Sunday, matinee and night.

## 25 CHILDREN ARE AT CLINIC

Free Orthopedic Clinic Opens for Crippled and Deformed Little Ones

### HELD AT COURT HOUSE

Dr. Flagstaff From Gillette State Hospital, in Charge of the Work

About 25 children were registered this morning to pass through the free orthopedic clinic for crippled and deformed children held in the farmers room in the court house today. Dr. Flagstaff from the Gillette state hospital is in charge of the work.

Dr. Flagstaff confers with the parents of the children who are eligible for the State Hospital for Crippled Children. This is one of the fourth annual series conducted by physicians of the State Orthopedic club under the auspices of the Minnesota Public Health association. It forms a part of the state wide health program financed by the sale of Christmas seals. The clinic is sponsored locally by the County Public Health association.

The main purpose of the clinic is to discover handicapped children whose conditions can be cured or improved, and to teach the importance of early treatment. No treatment was given at the clinic today but the patients were being thoroughly examined and the parents were told whether or not there is any chance of improvement.

## 25 SPEED BOATS IN WATER FETE

Water Carnival Staged as Part of the State Moose Convention Here Sunday

### ENTER SPEED DEMONS

One Boat Built at Pequot, Another at Little Falls, Specially for the Race

About 25 speed boats have been entered in the water carnival staged as a part of the annual State Moose convention at Lum Park tomorrow afternoon. A boat is being especially built for the race at Pequot and another speed demon is about completed at Little Falls. It too was built especially for this race and is rumored to have attained a speed of 40 miles an hour in a trial test between the two river bridges in Little Falls.

Other boats entered include one from Nisswa, two from Hubert Lake, one from Ox Lake, one from Gull Lake, two from Hackensack, two from Duluth, one from Superior and several from Minneapolis. The events for the speed boats include those for class A, B, C, and D boats as well as a free for all event.

A special feature on the program will be the surf riding exhibition given by Earl Fitzsimmons of Brainerd. He will do the head-stand and the hand-stand on the board without the aid of a rope. Several weeks ago he delighted the spectators at the Park Board water carnival at Lum Park with his antics on the board. However, at that time he was unable to do many of his best stunts owing to the unsteadiness of the boat that was towing him. This time a larger, more powerful boat has been secured and he should have no unsteadiness to contend with.

The afternoon program also include swimming races, diving contests and many other aquatic events.

With wage disputes threatening railroads of the Middle West, A. F. Whitney, president of the Brotherhood of Railroad Trainmen, says that sectional meetings have been called to issue strike ballots to 70,000 western trainmen. Wage demands are being made on 80 railroads, owning 98 per cent. of the western mileage. (International Newsweek)

## AVIATORS AT RSKO FIELD

Landing on Rosko field at 11 a. m. today the two Crosby fliers, Paul Hennick owner of the plane and P. L. Carpenter, pilot, were ready to take passengers for rides over Brainerd and the surrounding lake country early this afternoon. They will be here in their new Waco 10 plane both today and tomorrow.

A plane landed at Rosko field at 2 p. m. today and was said to have been that of Dr. W. E. Sickner of Duluth who previously announced his intention to fly his plane to the state convention of the Loyal Order of Moose here. He will be at the flying field tomorrow and many Moose contemplate enjoying the beauties of Brainerd and the Ten Thousand lake region from the air.

S. O. Simonson, president of the Evening Tribune at Albert Lea, A. R. Dean and son, George E. Dean of Blue Rapids, Kansas, and C. M. Simonson, dentist, of Albert Lea, went through the city this forenoon on their return home from a several days fishing trip at Leach Lake. The Dean's are in the flour milling business at Blue Rapids.

## VAUDEVILLE AT NEW PARK THEATRE

Cook and Collins to Present Their "Remnants" as Headline Act Tomorrow

### PROGRAM IN DETAIL

Betty Gordon Trio Features Miss Betty Gordon, Petite Star of Stage and Screen

Cook and Collins present their "Remnants," a snappy musical comedy presentation as the headline vaudeville act at the Park theatre tomorrow. They feature a conglomeration of artistic dancing, fine vocal numbers, sidesplitting wise cracks, piano selections, harmony singing and other oddities in their act.

Ben Mowatt and Billie Mullin will be found a mixed team who title their act "Putting It Over." Their offering consists mostly of comedy talk and funny situations. Another feature attraction at the Park tomorrow is the appearance of the Betty Gordon trio featuring Miss Betty Gordon, petite star of stage and screen. Miss Betty has played on the stage and in the pictures since she was five years old, and only a few years ago was known as Baby Betty. She appeared with Wesley Barry, Thomas Melghan and several other well known stars, since entertaining in vaudeville.

Von Stremmel, a native of California, and California's foremost tenor singer and late movie star is making a personal appearance tour of the principal theatres in Minnesota, Wisconsin, North and South Dakota and Canada. Besides entertaining with some choice songs he also tells some humorous stories on his movie pals.

Johnnie Reilly in "The Slide Show Spieler" is a comedy juggling artist with a line of comedy talk. He works in front of a side show drop.

## WHAT HAS HAPPENED SO FAR.

ALEDA RAY, pretty country girl working in New York as a stenographer, and Gary Chester, young engineer, are in love. Alela is living with Marise de Rense and the latter's young sophisticated sister, Goldie. Through falsehoods, Goldie creates a break between Alela and Gary. W. B. Lingard, employer of Alela and Gary, after years of search meets Marise, sweetheart of his youth. Eavesdropping, Goldie learns that Marise is not her sister—but her mother! She demands an explanation and Marise pours out the story of her tragic early marriage to a convict who has since died. Goldie leaves home in a huff. Goldie is sought by the police to explain her connection with a blackmailing scheme. Alela visits her parents in the country and there meets Gary. Love blooms anew. Gary leaves for Italy. Later, Lingard is forced to make a hurried trip to Paris. He informs Alela that she is to accompany him as secretary, his niece, Countess Dellamanca, to act as chaperone.

## NOW GO ON WITH THE STORY.

### CHAPTER LI.

AT half past six each evening, before she dressed for dinner on the big Atlantic liner that—in her capacity of private secretary to William B. Lingard—was carrying her on a quick business trip to France (where perhaps she might see Gary Chester!) Alela wrote her diary.

### SATURDAY.

"I can't believe it's really happened! It's too wonderful! Yet when the stewardess (such a smiley, fat, cheery, white-haired person!) woke me this morning with a cup of tea and a big bunch of black grapes, and I sat up in my little nickel-plated bed and felt the cabin gently creaking and rocking, and a lovely breeze blowing through that sunlit porthole, I knew it wasn't just a dream, but that I was really and truly on the Atlantic Ocean!"

"It's magnificent, this boat! A floating palace. When we came aboard just before midnight last night—Mr. Lingard, his niece (the Countess Dellamanca) and humble little me—it was like walking into the foyer of the Plaza! Almost incredible to think it was a ship!"

"I'm on C Deck, and it's miles getting to the dining room! I take one of the elevators—there are several of 'em dotted around. And half a dozen shops."

"That reminds me of the frantic shopping I got through before I left New York, helped by Marise. She's a gem! She knew the most wonderful wholesale places where I could get sports clothes—simple little affairs—at half the price they're marked in the stores. I got a pink ensemble in Milanese. Also a white knitted sweater edged in scarlet, with a scarlet skirt and a little sports coat."

"And Marise insisted on a taffeta evening frock in rose, the skirt cut in frilly petals. A 'robe de style,' she called it. It was awfully extravagant—\$30 wholesale—it retails for \$55. Marise's friend assured us—and it's the prettiest and most becoming dress I've ever had in all my life."

"I wonder will he see me in it, in Paris? And if he does, will he think I look as Marise told me I did—as lovely as a rose?"

### SUNDAY.

"Wore the rose frock last evening at the dance, and had many partners that the doctor (who's in charge of entertain-

ments, and is fearfully kind and humorous) carried me off to the deck for a breath of air!"

"This ship's so huge and heavy that the dance floor in the saloon seems to remain quite level, even when the sea is choppy! With all the little tables dotted around, and people laughing and sipping and enjoying themselves and the soft golden lights, and the orchestra playing the newest fox trot, you'd never—except for now and again the faintest throb of the engines, like a dull hum coming through the floor—imagine you were on a ship!"

"The Countess Dellamanca looked magnificent in white satin and pearls, like a bride! But that woman's sad at heart. She spent most of the evening in the card room, a jade cigarette holder between her lips, smoking continuously, and playing for high stakes at bridge."

"She snubs me—or rather, ignores me! A couple of gentlemen asked her who I was, and I heard her answer, with a disparaging shrug: 'Oh, only my uncle's little stenographer!'"

"But what do I care? I'm proud of my work—it's brought so much into my life! If I hadn't taken this job, I'd never have met the most charming, lovable, wonderful man in the world. And didn't he tell me that the only women he has any admiration for are the working women? Isn't that enough?"

"At morning service, which was held in the dining saloon today, with the captain reading the service, I noticed that the Countess Dellamanca had two tears slipping down her cheeks during one of the hymns. It was at the line, 'Peace, perfect peace, with loved ones far away!'"

"Was she thinking of Gary Chester? I hope she was thinking of her husband!"

### MONDAY.

"A dreadful little fellow with a shaggy head and sticking-out teeth is pestering the life out of me. Finally, discovering that he couldn't swim, I had to take refuge in the pool on F deck, among the mermaids and the mermaids."

"But he followed me there, and stood on the edge of the marble tank, for all the world like a clucking hen whose duckling has taken to the water! 'Why don't you kid him along and get him to stake you to the ship's pool—the other pool!'"

—which is worth anything up to \$2,000? laughed one of the girls who was swimming about in the tank. 'He's a tobacco king, and worth millions! Why don't you play him along?'"

"At that, another admirer of mine dove into the water near me, splashing the Persistent Pest from head to foot, and roaring with laughter at his discomfiture!"

"I wonder . . . would Gary be jealous if he could see the success I am, without my trying a bit to be successful? I hope he would be a teeny bit jealous, because that would mean he really cared for me!"

"But I shouldn't want to be with anyone else, if only . . . only . . . he were on this ship!"

### TUESDAY.

"Took dictation for radios from William B. and then—when I'd given them to a steward for immediate despatch—I had to copy out whole sheaves of statistics and figures so involved that I had to borrow one of the machines from the Purser's office—the heavy kind with a long 'carrier' that takes the ship's log, and such!"

"That occupied the morning, and a couple of hours after lunch. 'Went up to tea at 4:30 in the splendid saloon on B deck, where the orchestra, behind a great bank of flowers, was playing 'Samson et Dalila.'"

"Countess Dellamanca was on a sofa with a young man. Apparently, she was acting the title role! The ship's doctor whispered to me, 'If those exotic sirens would quit cradle-snatching, and vamp their own husbands, there would be fewer divorces and the women themselves a whole heap happier.'"

"Which seems quite logical. Through the thin cabin wall during the night I heard a funny little whimpering noise. I think it was the Countess Dellamanca—sobbing."

### WEDNESDAY.

"We dock at Havre early on Friday."

"And so to Paris! I'm so excited I can't think."

"Will he be there?"

"But I must put my mind on other things . . ."

"They had Deck Sports today, and my partner and I won a prize at shuffle-board. With a long stick like a broom you push wooden discs along the deck, to land on chalked numbers. Deck-billiards, they also call this. You cannon off your opponents' discs, as in the old-fashioned game of croquet."

### THURSDAY.

"Our last day aboard. Had three invitations to take supper tonight after the dance, in the Ritz-Carlton restaurant. But I declined. Mr. Lingard insists, however, that I join a party with him and his niece, the Countess. She has become very gay, and almost cordial to me! A wireless came for her this afternoon, from Italy. Was it from her husband? It surely was not from Gary?"

### FRIDAY.

"The coast of Normandy! My first glimpse of France!"

"Shall I see him again?"

(Continued Tomorrow.)

## Royal Wedding Eagerly Awaited

The long talked of wedding of Princess Marie Jose of Belgium and Prince Humbert of Italy will take place amid unprecedented pomp at Rome. Diplomatic and social circles of Europe have been awaiting this word for a long time. The Pope and Cardinal Gamba have discussed the marriage and have decided that it will take place.

### Compensation

You cannot wrong without suffering wrong. . . . The exclusive in fashionable life does not see that he excludes himself from enjoyment in the attempt to appropriate it. The exclusivist in religion does not see that he shuts the door of heaven on himself, in striving to shut out others. Treat men as pawns and ninetails and you shall suffer as well as they. If you leave out their heart you shall lose your own.—Ralph Waldo Emerson.

### Worshippers Bothered

Members of the congregation of the Scotch church in Georgetown, British Guiana, are compelled to use fans in church during the heated season, men as well as women being kept busy fanning. During the wet season the church was invaded by black beetles to such an extent that they put an end to the services until they were removed forcibly with brushes and shovels.

### Cleaner and Polisher

Oak floors and other woodwork can very easily and economically be cleaned and polished by the use of equal parts of vinegar, sweet oil and turpentine. These ingredients can be purchased at any paint store. The object of this preparation is that the vinegar cuts the dirt, the sweet oil adds luster and the turpentine acts as a dryer.

## GOOD!

# Love's Ecstasy

by May Christie

## WHAT HAS HAPPENED SO FAR.

ALEDA RAY, pretty country girl working in New York as a stenographer, and Gary Chester, young engineer, are in love. Alela is living with Marise de Rense and the latter's young sophisticated sister, Goldie. Through falsehoods, Goldie creates a break between Alela and Gary. W. B. Lingard, employer of Alela and Gary, after years of search meets Marise, sweetheart of his youth. Eavesdropping, Goldie learns that Marise is not her sister—but her mother! She demands an explanation and Marise pours out the story of her tragic early marriage to a convict who has since died. Goldie leaves home in a huff. Goldie is sought by the police to explain her connection with a blackmailing scheme. Alela visits her parents in the country and there meets Gary. Love blooms anew. Gary leaves for Italy. Later, Lingard is forced to make a hurried trip to Paris. He informs Alela that she is to accompany him as secretary, his niece, Countess Dellamanea, to act as chaperone.

## NOW GO ON WITH THE STORY.

### CHAPTER LI.

AT half past six each evening, before she dressed for dinner on the big Atlantic liner that—in her capacity of private secretary to William B. Lingard—was carrying her on a quick business trip to France (where perhaps she might see Gary Chester!) Alela wrote her diary.

### Cleaner and Polisher

Oak floors and other woodwork can very easily and economically be cleaned and polished by the use of equal parts of vinegar, sweet oil and turpentine. These ingredients can be purchased at any paint store. The object of this preparation is that the vinegar cuts the dirt, the sweet oil adds luster, and the turpentine acts as a dryer.
